AEONIAN

- Inno – pedago – lit – expo
- Scene 1

Aeonian – in no – pedago – lit – expo – scene -1 is an event conducted by the Department of Language Education- English, P K M College of Education, Madampam, on 18th October 2022 at Multipurpose Hall. It is part of a project emphasizing our pedagogical outputs for September, in connection with International Translation Day. In the function organized, we have released two of them – Burgeon, a compilation of translation attempts, and Metafrazi an audiobook of the same. Beloved Principal Dr. Jessy N C and Vice Principal Dr. Prashanth Mathew were the chief guests Dr. Rekha K R, head of the Department of English Education analyzed the work. Ms. Devika K K welcomed the gathering and M.s Arsha V marked the official note of gratitude. The event was conducted by Ms. Anagha V.J.

BURGEON

Burgeon – a collection of translations was released by Dr. Jessy N C – principal, by handing it over to Dr. Prashanth Mathew- the vice principal. Ms. Christy Maria Joy, the associate editor, introduced the compilation to the audience. Burgeon includes translations of various works and genres from different languages. Some of the student teachers have done the translations of their work too. Dr.Rekha K R – the chief editor has translated two Malayalam poems by Sachi – a Malayalam film director, condensed with emotions and realities of life into English. Ms. Arsha V took some poems from O.N.V. Kurupp's Anthology "*Aathmageethangal*" and William Blake's poem Eternity and translated them into both languages. Ms. Anagha V J and Ms. Devika K K translated their work; a short story and an essay into English respectively. The story is rooted in a depressed individual's loneliness and emotional imbalances. The essay covered various aspects of COVID-19 and its effect on contemporary society. Mr. Jyothis Cyriac and Ms. Shahana Farveen translated the works of Vikram Seth and Katherine Tynan." *Any Woman* "strongly portrays the role of the female in a well-structured society. Jyothis' translated work could touch the hearts of many as it is a reflection of modern man who lives in the absurdities of the world. Ms. Christy Maria Joy translated a poem "*Nee*" by her friend, Gopika, which voices the speaker's desire to dissolve in her lover. Sr.Josna Jose has done the translation of famous quotes from the Bible as well as the words of Mahatma Gandhi, Buddha, etc.

1

Metafrazi – the audiobook – was launched by Dr. Prashanth Mathew. Mr. Jyothis Cyriac disclosed the details of the audiobook to the audience. It comprised the same content, where the teacher students could experience their debut in recording as well as the scope of presenting their creations in a brand-new way.

The project as a whole helped us to improve our technological skills. The uncompromising effort of the technocrats -Ms. Devika K K and Jyothis Cyriac are highly commendable in this regard. In the beginning, we faced several challenges and unanswered questions in between, yet, it built a rapport among the group and made us handle multiple roles simultaneously. The organizational part also turned out successful at the same time a critical discussion was conducted and found the lapse to be improved in our next session.

AEONIAN

- Inno – pedago – lit – expo

- Scene 2

Aeonian – inno – pedago – lit – expo – scene -2 was conducted by the Department of Language Education- English, P K M College of Education, Madampam, on 18th November 2022 at a multipurpose hall. In the function organized, we have released an e-book, Funpedia – A compendium of Funglish thoughts, as our pedagogical output for November. The compendium was released by, the beloved principal, Dr. Jessy N. C, and Dr. Rekha K. R, Head of the Department of English Education, chaired the session. The innovative effort of the student teachers, under the guidance of Dr. Rekha K. R, was appreciated by Dr. Jessy N.C in her inaugural address. Ms. Anagha V. J introduced the work as a strategy to make learning effective through fun. The gathering was welcomed by Ms. Arsha V and Mr. Jyothis Cyriac marked the official note of gratitude. The event was conducted by Ms. Devika K. K. The session was followed by an interactive presentation.

Funpedia – A compendium of Funglish thoughts

Funpedia – A compendium of Funglish thoughts was released by Dr. Jessy N C – Principal, by handing over to Dr. Rekha K R – the head of the Department of English Education. Ms. Anagha V. J, one of the conceptual editors, introduced the compilation to the audience. Funpedia is a pedago literary attempt where jokes from WhatsApp posts related to language learning are collected and analyzed to reach a structural concept. Through 23 WhatsApp posts, almost 17 concepts in the English language are discussed in the compendium. Funpedia comprises – Homonym, Acronym, Compound words, Prefixation, Singular vs Plural, Metaphor, Irony, Idiom, Sarcasm, Abbreviation, Punctuation, Ambiguity, Overgeneralization, Subject – Verb Concord, Either…Or, Formal and Informal English, the unphonetic nature of the English language. The effort of Ms. Devika

Pedago Ball Quest

The inauguration ceremony of Pedago Ball Quest and the release of Beatitudo was held at 2.00 p.m. in the PKM College auditorium on 16th December 2022. The program was jointly organized by Chrysalis and IQAC. After silent prayer,ayer Miss Christy Maria Joy gave the welcome speech. Dr Rekha K R presided over the meeting. Beatitudo, a remedial self-learning package was introduced by Ms. Devika K. K. College principal Dr. Jessy N C Inaugurated Pedago Ball Quest and released Beatitudo by handing it over to IQAC coordinator Dr. Veena Appukkuttan who gave felicitation speech. The formal session was followed by a talk on World Cup football by social science student teacher Mr. Nirmal John. Through an informative talk, he gathered the attention of every student, and his in-depth knowledge of World Cup football was reflected in the talk. This session was followed by a multimedia quiz on sports. At the end of the program, Miss Anagha V J proposed a vote of thanks. Mr. Jyothis Cyriac monitored the program through compering.

Multimedia Quiz

As part of Pedago Ball Quest a multimedia quiz was conducted by I Q A C and Chrysalis a learning community for English teachers on 16th December 2022. It was a striking and novel experience for P K M College of Education. Mr. Jyothis Cyriac from 1st B Ed English was the quiz master who dealt with the quiz in a creditable way. It was organized into six different rounds namely preliminary, audio, video, audio-video, buzzer, and rapid fire. In the preliminary round, the participation of all 50 students was ensured, and a Google form consisting of 12 questions was circulated among the group. Those who submitted the response within 2 minutes were shortlisted and the following student teachers were selected for the second phase.

1. Akhila V (Mathematics)
2. Aiswarya P V (Natural Science)
3. Akhil C K (Malayalam)
4. Harikishor K V (Mathematics)
5. Christy Philip (Physical Science)
6. Akshay Sukumaran (Physical Science)
7. Hariprasad N (Natural Science)
8. Nirmal John (Social Science)

They were divided into four pairs as per the lot they had taken and each group was titled by the names of the houses from the Harry Potter Series – Slytherin, Gryffindor, Ravenclaw, and Hufflepuff. In the first round, each pair was supposed to identify the name of the game from the audio played. In the second round, a video was displayed on the screen and the participants were instructed to answer the question based on that. Thirdly a short feature about a sportsperson and their uniqueness was shown and questions were framed out of that video. The next round was the buzzer round and it was done by using a digital buzzer to ask questions. The final round was a rapid-fire session where five consecutive questions were asked for each group and they had to answer them respectively. All the rounds were interesting as well as informative. The active participation of the audience was also commendable.

Team Gryffindor- Akhil C K and Harikishor K V were the champions with 172 points and Ravenclaw- Akshay Sukumaran and Hariprasad N and Slytherin Nirmal John and Aiswarya P V

won second and third positions respectively. The winners were felicitated in the Valedictory session organized.

Mr. Jyothis Cyriac was the quiz master, Miss Devika K K served as the technocrat behind the session, Ms. Anagha V J and Arsha V handled the scoreboard, Ms. Christy Maria Joy handled the sessions specially fabricated for the audience and Sr Josna Jose represented the documentation wing. Conducting and witnessing a multimedia quiz was a novel experience for some of the student teachers. The process of framing questions was also a tough task for the quiz master. Nevertheless, the program came out as a grand success.

BEATITUDO

Self-learning is a method in which there is an active attempt on one's part, which help in identifying one's learning needs, formulating learning goals, identifying material resources for learning, evaluating learning outcomes, and also pacing and monitoring the learning.

This package is an ultimate guide to increasing a student's ability to learn, problem-solving skills, and memory, as well as a comprehensive guide to accelerated learning. In today's world, self-learning has become a quick method of developing a skill for students to build their careers. The main goal of this package is to teach students the fundamentals of question formation and to provide them with a solid foundation. So, they can construct sentences without mistakes while speaking or writing. This symposium will help a student sort through the tangled mess that is self-learning. It will do so by helping one's master problem-solving skills, memorization, and intentional thinking. In addition, a student will learn how to adopt a "success mindset" that can get them wherever they need to go and become an autodidact. As language teachers, we created a platform for students to build confidence in their lives by making an effort to form and comprehend questions. We firmly believe that this package will amuse every reader and make it a resounding success by understanding and comprehending their passion for learning by themselves.

DAY OBSERVANCE

TRANSLATION DAY

SEPTEMBER 30, 2022.

September 30th – International translation day. The student teachers of the Department of Language Education English under the guidance of Dr Rekha K R have conducted a detailed discussion and various programmes as part of the observance. Metafrazi an Audiobook and Burgeon A compilation of translation attempts are some of them.

Ms. Anagha V J shared some thoughts about the history, development, and necessity of translation as an academic discipline. To know whether the translation has given a considerable place in our curriculum, we have analyzed the English readers of classes 7 to 12 under various boards of Education and found that the area is partially neglected. To add more, renowned Indian writers having different L1 backgrounds were also not much discussed. It was shocking to know that students were not familiar with the process of translation until class XI

LETTER WRITING DAY

DECEMBER 7, 2022.

Chrysalis, the Learning Community for English Teachers 2022-2024 of the P.K.M. College of Education, Madampam, conducted a letter-writing competition among the school children as part of the letter-writing day observance on December 7th, 2022. A letter framed for Dr Rekha K R made our part for its observance. The event was held as part of our pedagogical output for December. We concentrated mainly on high school students and the theme was to share their experience with their friends about the chance to watch the Qatar FIFA World Cup 2022 Finale.

POETRY AT WORK DAY

10 JANUARY,2023

As part of Poetry at Work Day 2023, Chrysalis organized a literary discussion and presentation of collected poems and songs on 10/01/2023 Tuesday.

The members of Chrysalis collected songs that are used to ease the difficulties of human labor from different sources. Those songs include Nattipattu, sung while planting the paddy, Koythupattu sung at the time of harvest, the song used by woodworkers, etc.

At 1:00 p.m. chrysalis members gathered in the English class cum method lab. Dr.Rekha K.R. coordinated the discussion. 2nd year English optional students were also present in the class. Everyone presented the collected pieces of poetry and actively engaged in a discussion regarding the lyrics, ideologies, rhythms, etc of the songs. It was indeed a new experience for the students as it opened a wide arena of folk literature and research. The discussion came to an end by 1:30 p.m. with the vote of thanks proposed by Christy Maria Joy.

Commemoration
Dominique Lapierre

December 8, 2022

A commemoration meeting of Dominique Lapierre was held on Thursday, December 8, 2022, in the English method lab as part of the activity of the English learning community, Chrysalis. Being an eminent literary figure and the "adopted son of India," Lapierre has profound significance as far as English teachers and students are concerned.

A brief presentation on the life, major works, and other contributions made by Lapierre was given by Mr. Jyothis Cyriac. His phenomenal works, City of Joy and Freedom at Midnight, were explained in detail. He also emphasized the fruits of the literary friendship between Lapier and Larry Collins. The presentation with the help of multimedia devices was very engaging. A short discussion on the pedagogic significance of Lapierre was also conducted after the presentation, wherein it was found that Lapierre has not even been mentioned in any of the literature syllabizes, although his works are acclaimed and included in the history syllabus. All the members of the learning community actively participated in the discussion. The meeting came to an end with the concluding remarks of Dr. Rekha K. R.

AGORA

Agora is a platform for meeting various literary figures and honoring them. The members of Chrysalis have created a fictional award function for poets and a place for poet amass. The award function began with a beautiful introduction by Ms. Harsha V. She welcomed various literary figures with an enchanting introduction. At first, Mr. Jyothis Cyraic enacted the role of the great erudite Albert Camus, followed by Arudanthi Roy as Ms. Devika K K. Then Sr. Josna Jose came as Robert Louis Stevenson, followed by Jonathan Swift and George Eliot by Ms. Christy Mariya Joy and Anagha V. J, respectively. In the absence of the student teacher, Ms. Anagha V. J, her role as an author was presented through a video presentation to the spectators.

The award function was capped by acknowledging and honoring the shining stars in the field of literature. Dr. Rekha K. R, Head of the Department of English Language Education evaluated the program and gave the awards to the above literary figures. In the end, Ms. Arsha V, student coordinator of the Agora, expressed her gratitude.

FIELD TRIP

Onward Journey

The field trip of Chrysalis, Learning Community for English Teachers (2022-24), was held on January 14, 2023, to the 6th Kerala Literature Fest in Kozhikode. Among the six student teachers, four, along with the optional teacher, Dr. Rekha K. R, started the journey from Kannur Railway Station at 6.35 a.m. in the Netravati Express, while the rest, Arsha V and Devika K K, joined them from Thalassery at 7.05 a.m.

Kerala Literature Fest

Kerala Literature Fest is memorabilia that celebrates creativity in all forms. It's an event that draws many writers, artists, scholars, poets, and publishers from all over India and abroad each year.

It was Day 3 of the KLF, and the debates and invited talks were organized in 6 different stages namely Thoolika, Mango, Ezhuthola, Aksharam, Vakku, and Kadha. We all peered over the program schedule and the important talks and their timings were noted.

There was not even an hour to waste as the schedule was quite tight with sessions one after the other, some even happening simultaneously, and all of them were equally exciting and thriving. Interim, some books were also purchased from the book fair by DC Books.

We also got an opportunity to meet various writers such as K. R. Meera, Benyamin, Veerankutty, Father Bobby Jose Kattikadu, and Sheetal Shyam. It was so delightful, and we were blessed to take snaps with these great personalities. Meanwhile, we got an opportunity to see the program hosted by Radio Mango, and it was very enjoyable.

We were very fortunate to witness this literary gala. For us, the entire trip was indelible as it was the first time visiting an event with such notable names in the literary field.

Sessions

At first, we attended the session "A Craft of Writing" by Emily Perkins in conversation with Priya K Nair, in which Emily Perkins discussed the importance of writing and how it can be published in the current climate. All of us scattered in different directions, trying to attend sessions with the authors and eminent personalities that captured our interests.
This includes:

9. Atal Bihari Vajpayee: The Statesman, The Politician, The Prime Minister.
Sagarika Ghose in Conversation with Dr. Meena T Pillai.

All these were thriving sessions. As literature students, the sessions were found to be keenly influencing, informative, and engrossing for us.

Return Journey

We left KLF at 4.45 pm and reached the railway station at 5.30 pm. We came back on the same train, Netravati Express, and we all reached home safely and happily.

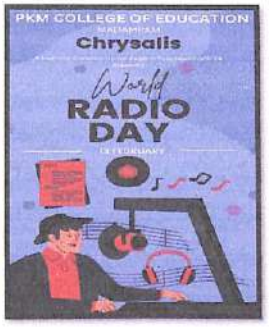
WORLD RADIO DAY OBSERVANCE

EUPHONIA



Chrysalis, the Learning Community for English Teachers 2022-2024 of the P.K.M. College of Education, Madampam, celebrated World Radio Day on 13 February 2023. As part of the Observance the team developed a Radio script which was recorded and presented. The lesson from the eighth standard reader *The Last Leaf* a short story by O Henry is presented as a radio play. Then other chapters from the same reader are analyzed and presented. For entertainment, some advertisements were also made based on some Pedago literary products developed by the Chrysalis group. Meanwhile, some grammar activities are also included in it.

Radio has been the long-standing medium of expression and the most influential mass media. This day is celebrated with different broadcasts, online activities, community events, and awards. On Nov 3, 2011, UNESCO declared February 13 as World Radio Day because on this day United Nations Radio was first established in 1946. It is observed to preserve the importance of radio as well as to encourage decision-makers to provide access to information through radio. UNESCO coordinates World Radio Day activities on a global scale with UN member countries through their radio stations. The theme for World Radio Day 2023 is 'Radio and Peace' which focuses on the role of radio as an independent medium of peacemaking. The sub-theme of the day is 'Radio in Conflict Prevention and Peacebuilding' and 'Support to Independent Radio'.

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM

Radio script writing simply means writing in the language of radio, so now we can do the transformational change of language as a discourse. It is also true that radio script writing is more challenging than other kinds of writing. We observed the day by developing a session at Chrysalis Radio Station by assuming the role of radio jockeys. This program helped us to enrich our knowledge of writing a radio script and the task behind it. The language of the radio is simple and should be clear. In the pedagogic sense, we had included so many things like poem recitation, enriching the grammatical elements through emphasizing the listening skill. The first chapter. The *Jungle Air crash* a short story in the first-person point of view was paraphrased and converted into a third-person point of view. As a team it brought us multidimensional benefits - radio script writing and development then secondly helps us to improve our pronunciation, intonation, accent, stress, and other things related to Phonetics. And also, as part of radio day for increasing listening comprehension we developed a listening comprehension kit based on passages created by ourselves.

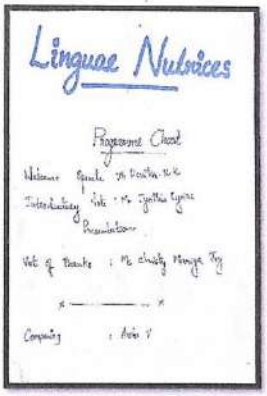
MOTHER LANGUAGE DAY



As part of Mother Language Day Chrysalis, a learning community for English teachers organized the day observance program Lingua Nutrices on 21 February 2023. The name of the program denotes the role of language teachers as nurses of language. The program began at 11 am in the English class cum method lab. Ms. Devika K.K gave the welcome Speech. Jyothis Cyriac delivered introductory remarks wherein he highlighted the importance of the mother language in the history of humankind and how it helps to preserve our rich heritage and culture. Followed by his address the video presentation on Malayalam bilingual writers was screened. The students wrote the script and gave voice to the video. It gave an overview of the famous bilingual writers from Malayalam and their contribution to their mother tongue. The video contained information on writers such as K. Sachidanandan, Madhavikkutty, Ayyappa Paniker, etc., The program came to an end with the concluding remarks by Dr. Rekha K. R. She pointed out the various possibilities of using the mother language in teaching English language and literature.

PARNASSUS

The Poetry Day Observance

Welcome speech : Jyothis Cyriac

Introduction to "VERSOFERENCE" : Arsha V

Presentations of our attempt in Programmatic Poetry

Vote of Thanks : Anagha V J

Comparing : Christy Mariya Joy

March 20,2023.

Chrysalis the learning community for English teachers has observed world poetry day on 21st March 2023 at the English class cum method lab. The official titled Parnassus program started by recalling the American poet Robert Frost's line: "Poetry is when an emotion has found its thought and the thought has found words".

Mr. Jyothis Cyriac welcomed the gathering with his thought-provoking words. Major poets from literary history and their vision of poetry were duly emphasized in the welcome note. Versoference – A repertoire of poetics, and reference material was introduced by Ms. Arsha V. She has pointed out the multidimensional pedagogic exercises involved in its creation. Afterward Versoference – the publication was

PRINCIPAL

KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.,-670631

released by the optional teacher Dr. Rekha K R by handing it over to Ms. Anagha V J, and an online presentation of the same was also conducted.

As part of the observance team, Chrysalis has attempted to make a step toward the genre of performance poetry. The poems from various languages were chosen, composed, and recorded by the members themselves. From the collection, *Kannaki a Malayalam poem by O N V Kurupp, and Hope is the Thing with Feathers by Emily Dickinson were presented during the session.* Ms. Arsha V took the initiative of this project as an extension to the pedago literary outputs from the Department of Language Education – English. The session winded up with an official note of gratitude by Ms. Anagha V J. The hard work of the technocrats Mr. Jyothis Cyriac, Ms. Devika K K, and Ms. Christy Mariya Joy was acknowledged and felicitated during the session. The compering for the program was done by Ms. Christy Mariya Joy.

GRAMMAR DAY OBSERVANCE

Day Observance

The National Grammar Day was observed by Chrysalis, a learning community for English teachers (2022-24 batch) on 6th March 2023. The meeting began at 1:30 pm in the English cum Method Lab. The group was welcomed by Mr. Jyothis. In his welcome address, he touched upon the necessity of having basic knowledge of grammar for the effective usage of the language. A presentation on a brief history of grammar and the major grammarians was done by Ms. Christy Mariya Joy. Ms. Devika K. K introduced *Grammapolis,* the animation video to aid the teaching of grammar. It incorporated basic grammatical concepts like parts of speech, question tags, etc. The video was released by Dr. Rekha K. R. The vote of thanks was proposed by Ms. Arsha V.

National Grammar Day

National Grammar Day was established in 2008 in the US by Martha Brockenbrough, the founder of the Society for the Promotion of Good Grammar to raise awareness about the significance of using good grammar. It is celebrated every year on 4th March to encourage people to use proper grammar in both verbal and written language. The motto for the day is "It's not just a date, it's a command: On March 4, speak well, write well, and help others do the same!". The peculiarities of the language are commemorated on this day by giving special emphasis to the study of grammar and its rules. To use language understandably, one should have proper knowledge of grammar, which adds to the significance of this day's observance in the teaching-learning process.

KANTHAPURAM, P.O. MADAMPAM,
SREEKANDAPURAM, KANNUR DT.-670631

Grammapolis

As part of the grammar day observance, *Chrysalis*, the learning community for English teachers (2022-24 batch) has released an animation video named *Grammapolis*. Grammar is often regarded as a difficult and boring part of the learning process of a language. Hence, *Grammapolis* is an attempt, developed as a learning material, to make this process easy and interesting. The grammatical concepts are explained in the deductive method with the help of animations which helps in increasing the clarity of those concepts. It is open-ended and as it seems to be effective, the members of the learning community are hopefully waiting for more editions to come.

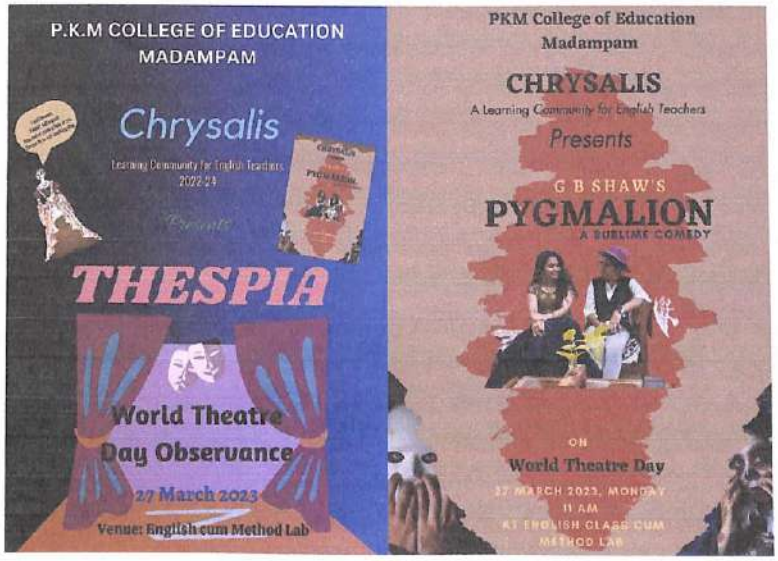
WORLD THEATRE DAY OBSERVANCE

Monday, March 27, 2023



As part of Word Theatre Day Chrysalis, the learning community for English teachers organized a day of observance called Thespia on Monday, March 27, 2023. The program began at 11 a.m. in the English class cum method lab. Ms. Christy Maria Joy gave the welcome speech. Jyothis Cyriac entered as the character Thespis after the speech and dramatically presented the origin of theatre. He highlighted the importance of Greek theatre in the history of drama and the contributions of the first actor, Thespis. Following this performance, the adaptation of the play Pygmalion by G. B. Shaw, performed by Anagha VJ, Devika KK, and Arsha V, was presented on the digital screen. The students wrote the script and

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P.O., MADAMPAM
SREEKANDAPURAM, KANNUR DT., 670631

recorded their performance using a mobile camera. Later, the scenes were compiled as a drama by adding a background score and other necessary elements. The performance marked the creative and artistic talents of the students, and for the members of the learning community, it was a novel experience. After the screening of the drama, the character of Thespis reentered and concluded his performance by exhorting the students to further explore the possibilities of theatre in the teaching of the English language and literature. Ms. Arsha V proposed the vote of thanks. The program came to an end with the concluding remarks by Dr. Rekha K. R.

SEMESTER REPORT 2021-23

English Optional

Third Semester: 12th September 2022 – 31st January 2023

The third-semester classes for the academic year 2021-23 commenced on 12th September 2022. The seven teacher aspirants prepared and relished the first teaching practice during the internship that dominated the third semester of the B.Ed. course. The student-teachers indulged in the pre-internship activities, engaged in the internship period, and attended the post-internship works that consolidated the third-semester programs. It concluded on 31st January 2023.

Pre-Internship

- **Pre-Internship Orientation Class**

  Pre-internship orientation program for English was organized by P. K. M. College of Education, Madampam on 24th September 2022 at 09:45 am. T. M. Ramachandran of GHSS, Nedungome was invited as the district resource person who had a rich knowledge of the pedagogy of the English language. Dr. Rekha K

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MAD[illegible]AM
SREEKANDAPURAM, KANNUR D[illegible]

R, assistant professor, delivered the welcome address. The class consisted of various language games, a discussion on grammar rules, and discourses, and an interactive session with the resource person. Mr. Ramachandran stressed the need for preparation, confidence in the content to be taught, and the need for interactive, activity-based classes where learners can learn freely. The program came to an end with a vote of thanks proposed by the student-teacher Karishma Suresh at 01:00 pm

- **Criticism Class**

Criticism classes were conducted on the 26th and 27th of September 2022 at Maryland High School, Madampam. The student-teachers selected high school classes according to their interests and handled different subunits of standard 8 and 9 English readers. The classes began at 9.30 a.m.

On 26th September 2022, Karishma Suresh handled the subunit *The Jungle Air Crash* for the 9th standard learners. The second hour of the D division of the 8th standard was handled by Reshma G R. The subunit chosen by her was *A Day in the Country*. The last class of the first day of criticism class was handled by Anusree K. The subunit chosen was *The Trio*.

Evaluation of the classes was conducted in the afternoon session. Dr. Rekha K R, Associate Professor in English P K M College of

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.,-670631

Education Madampam led the evaluation session of the classes. The teacher educator pointed out the positives and negatives of the classes conducted in the forenoon session based on the observation.

The second day of the criticism class started at 09.30 am and ended at 12.30 p.m. The student-teachers Dariya Baby, and Aswathi. V, Amitha George, and Jinisha John handled the classes. Aswathi V handled the first period of the 9th standard. The subunit chosen was *The Last Leaf*. The second, third, and fourth periods in the D division of the 8th standard were handled by Amitha George, Dariya Baby, and Jinisha John. The evaluation session of the classes was conducted on 28th September 2022. The classes were critically analyzed and the areas of defects and merits were discussed in detail.

The second round of criticism classes was conducted on 29th September 2022. It was handled by Amitha George, Jinisha John, and Dariya Baby in their peer group. The classes were critically evaluated by the student-teachers and teacher educators.

Internship

- **GHSS Sreekandapuram**

The internship programme began on 1st October 2022. Reshma G R, the student teacher from English optional along with twelve

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P.O.
SREEKANDAPURAM, KANNUR DT.-670631

trainees from other optional classes were assigned to work in GHSS Sreekandapuram during their internship programme. Two classes were assigned to the student teacher initially. The classes allotted were 8B and 9 B. Jaya Jose and Jobesh Joseph were the supervising teachers of each class respectively. During the internship, the student teacher performed a major role in Arts Day, the Annual Sports Meet, and the Keralapiravi celebration. During the internship period, the student teacher observed the classes of the peer group and regular teachers of the school as mentioned above. As part of this, classes of five teachers of different subjects were observed. As the part of internship programme, the student teacher conducted a story writing competition and essay writing competition in association with the unit 'Dawn of Hope' in the 9th standard. Certain vocabulary games were also conducted in both classes. On December 1st, 2022, the student teacher shifted her teaching practice to a higher secondary stream. There she was assigned to the charge of H2 B. The internship program came to an end on 23rd December 2022.

- **GHSS Nedungome**

Anusree K, Jinisha John, and Karishma Suresh, the English optional student-teachers of PKM College of Education, Madampam completed their internship at GHSS Nedungome from

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
SREEKANDAPURAM, KANNUR DT.-670631

1st October 2022 to 23rd December 2022. The training was completed in VIII, IX, and XI standards. The classes allotted to Anusree K, Jinisha John, and Karishma Suresh were 8C and 9B, 8A and 9A and 8B respectively under the supervising teachers Farhana, Dhanya, Treesa Mariya Thomas and T M Ramachandran in high school; and C1, H1 and S1 classes in higher secondary respectively under the supervising teachers Jobi Mathew and. The student-teachers actively participated in most school-related programs and events. Various programs were conducted under the categories of academic, communal, cultural, inclusive education, sports, and arts. Try Me Daily Puzzle, Weekly Newspaper, and Talk Masters Elocution Workshop were the programs conducted as part of English language learning. The students of the school were also trained for the National Roleplay Competition and Skit (English) by the student-teachers under the supervision of T M Ramachandran, an English teacher at GHSS Nedungome. During the internship period, the student-teachers also observed the classes of peer groups and regular teachers to elevate their understanding of the teaching and learning process. They also engaged in free classes of primary and upper primary sections with various language games and activities. The internship program came to an end on 23rd December 2022.

- **GHSS Irikkur**

The school internship programme was initiated from 1st October 2022 to 23rd December 2022. The student-teachers, Amitha George and Aswathi V from the English optional together with thirteen other student-teachers were assigned to work in GHSS Irikkur. The classes allotted for Amitha George and Aswathi V were 8 D and 9 B, and 8 C and 9 D respectively. Amitha George was supervised by Ms. Dhanya Mol Puthussery and Mr. Sajith Kumar. The supervisors of Aswathi V were Ms. Dhanya Mol Puthussery and Ms. Revathy. Various roles were decorated by the student-teachers in the academic, cultural, community, sports, and administrative activities of the school. Classroom observation of the peers and regular teachers was done properly. Word games, vocabulary games, and World Cup quizzes were conducted in the high school classes by the student-teachers. From December 1st onwards the internship program was extended to the UP section for Aswathi V and the HSS section for Amitha George. The classes allotted for Aswathi V were 7A and 6 E, while plus one commerce, science, and humanities were assigned to Amitha George. Various roles including exam duty were executed by the student-teachers.

- **Sacred Heart HSS Payyavoor**

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM. P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.,-670631

Dariya Baby, the student-teacher from English optional along with a trainee from another social science optional class was assigned to work at Sacred Heart HSS Payyavoor during their internship programme from 1st October 2022 to 23rd December 2022. Several programs and activities were conducted during the internship period. Competency tests in listening, speaking, reading, and writing were conducted in classes 8 and 9. A drama based on the subunit *Rosa Parks Sat Still* was also held in class 8. Similarly, group activities and vocabulary games related to the subunits were conducted for the learners in class 9. Other programs like IT quizzes, school elections, sociology fairs, football championships, SPC parade, curriculum reformation, Kerala *piravi*, anti-drug human chain, arts festival (district), and national unity event took place in the school.

Post-Internship

- **Model Classes for the Practical Examination**

To prepare the student teachers for the third-semester practical examination, the student-teachers of English optional 2021-23 took model classes from 17th January to 19th January 2023. All the student-teachers selected a topic from 8/9th std SCERT English Reader and prepared lesson plans and learning aids for it. On 17th

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

January, Ms Anusree K and Ms Jinisha John took classes in the afternoon session. After the classes, a discussion on their classes and lesson plans was done, and the student teachers gave their feedback and suggestions in the light of the discussion. On 18th January, Ms. Amitha George, Ms Reshma G R, and Ms. Aswathi V took classes and received comments and suggestions from the rest of the class in the afternoon session. The model classes by Ms. Karishma Suresh and Ms. Dariya Baby were done on 19th January 2023. Based on the suggestions given by the peer group, the student-teachers have made changes in their lesson plans and helped them to prepare well for their practical examination.

- **Submission of Records**

The student-teachers of English Optional 2021-23 engaged in their record work from 2nd January to 13th January 2023. The final corrections in the seven records - A record of practice teaching, a record of learning aids, a record of observation of a regular classroom teacher, a record of an achievement test, action research, a reflective journal, and a work diary- were done considering the comments and suggestions provided by the teacher educator Dr. Rekha K R. The teacher educator and the principal certified the records by 23rd January 2023.

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.,-670631

- **Literary Meeting**

Crescendo – The Literary Learning Community of English Teachers 2021-23 held a literary meeting in the third semester to engage in the pedagogic activities that enrich the teaching and learning skills of the student-teachers.

The members observed the science fiction day on 18th January 2023 which falls on 2nd January 2023. The day is celebrated on the birth date of famed science fiction writer Isaac Asimov, who edited or wrote more than 500 books in various genres such as science fiction, mysteries, and fantasy. Science fiction and fantasy expand horizons and open new worlds for their readers.

The student-teachers celebrated this day by revisiting the creative works on science fiction and providing individual specific views on it. The creative works included both science fiction novels and movies. Reshma G R, Aswathi V, and Dariya Baby went through sci-fi novels while Amitha George, Jinisha John, Anusree K, and Karishma Suresh shared their perspectives on sci-fi movies. Individual views were discussed and the ideas were consolidated into a manuscript named Fanta-Sci under the leadership of student-teacher Aswathi V.

- **Preparation for State Eligibility Test**

PRINCIPAL
P.K.M. COLLEGE OF EDU
KAITHAPRAM. P. O., MA
SREEKANDAPURAM, KANNUR

Student-teachers who are appearing for the SET carried out the discussion of the previous year's question paper and the pattern of question papers. Four student teachers applied for the SET namely Karishma Suresh, Anusree K, Reshma G R, and Jinisha John The first day of discussion was conducted on 17th January 2023. The discussion was led by Ms. Reshma G R, student-teacher, English optional, and other student-teachers too participated in the discussion. The question paper of July 2021 was solved by the student teachers. The second third and fourth day of discussion (18th,19th, and 21st January) was led by Anusree K and Karishma Suresh respectively. The question papers of three consecutive years were discussed.

- **Seminar Presentation**

Presentation of seminar papers based on the theory paper Pedagogy of School Subjects part two took place from 16th January to 20th January 2022. The session started on 16th January with the presentation of the topics TPCK, its scope, and challenges by the student teacher Reshma G R. In that paper, she presented the importance of technological knowledge and how it can be included effectively in the teaching process. The next paper was presented by Anusree K in module 3. In that paper, she included the importance of teaching and learning resources. The third paper

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM

was presented by Jinisha John. In that paper, she presented the significance of e-learning and e-teaching. On 7th January the student teacher Aswathi V presented a paper on research inputs in English language learning. In that paper, she included the steps of action research and place of English language as a source of knowledge. On 18th January a paper on teachers and the teaching profession was presented by Daria Baby. In that paper, she explained the professional traits and ethics of a teacher. On 20th January papers were presented by Amitha George and Karishma Suresh on TPCK-based content analysis and; the qualities and roles of a teacher respectively.

- **Model Exam and Viva Report**

The internship program and associated academic activities were guided with the staunch support of Dr. Rekha K R, staff advisor, English optional. The student-teachers relished the first taste of teaching for a brief period of three months giving fresh awakening to dreams of carving a generation. The teacher educator provided relentless guidance, assistance, suggestions, and constructive criticism to shape the budding teachers into a better educator. The semester opened new avenues of knowledge on pedagogy and the teaching-learning process. The upcoming semester is looked

OBJECTIVES

1. To nurture, create and mould inspiring mathematics teachers.

2. To acquire mastery in various techniques and hence to create efficient next generation teachers.

3. To mould excellent teachers through discussion, criticism and demonstration classes.

4. To be proficient in planning and executing lessons.

5. To develop competency in teaching exceptional children and all types of children.

6. To develop competency in student teachers to pass K-TET exams.

7. Provide opportunities to student teacher that enable learning experience to make subject matter meaningful at secondary level.

8. To prepare dedicated teachers for improvement of the school education system.

9. To understand the history of mathematics and mathematician so that the teacher students get motivated, decrease their anxiety related to the subject, building positive attitude towards the subject and have a better understanding about mathematics.

ACTIVITIES PLANNED

1. Workshop on google form

2. Video editing class

3. K TET Question bank preparation

4. Micro teaching

5. De Morgan's Day

6. National Statistics Day

7.Wilhelm Leibniz Day

8. John Venn Birthday

9. Acclimatization

10.Criticism Class

11.Math 2.0 Day

12. Second semester seminar

13.Pre Internship Orientation Phase 2

14. School Internship

15.Third semester seminar

16. SET,K TET ,C TET holders

17. To draw different geometric patterns and number patterns.

18. Collect contributions of different Mathematicians

19.Workshop on brochure making

20. Dr. Harish Chandra Birthday celebration.

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION

THALASSERY, KANNUR DT.,-670631

21.First Semester seminar presentations.

22.Dr.M Ram Murti Birthday celebration.

23.Workshop on google form.

24.Shakunthala Devi Birthday Celebration.

25.Fibonnacci day celebration.

26.National Mathematics day.

27.School Acclimatization

28.Micro Teaching

29.PI Day Celebration

30.Palindrome day Celebration

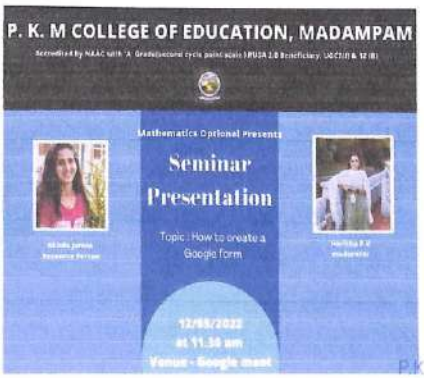
31.Second semester seminar presentations

ACTIVITIES EXECUTED

SECOND, THIRD AND FOURTH SEMESTER (2021-23 BATCH)

1.Workshop On Google Form

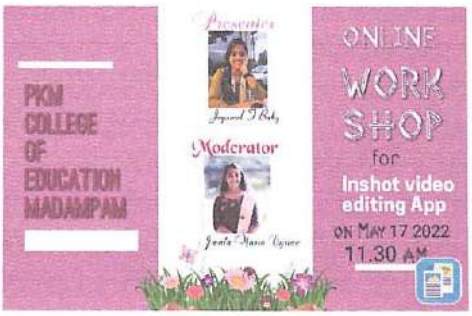
Mathematics department of PKM college of education has organized an online workshop on the application of google forms for the second year mathematics students. It was conducted on 12 of may, 2022, through google meet platform at 11:30 am. The workshop was headed by Akhila James of second year mathematics. All 8 students actively participated in the online workshop and made a google form on their own. It was a one hour workshop which came to an end by 12:30 pm.



PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

2. Video Editing Class

2021-23 batch students of mathematics department conducted a tuitorial class on video editing. All the 8 students of the mathematics department actively participated in the session. The aim of the session was to equip student teachers to prepare video lessons. The class on inshot was led by Joyamol T Baby.



3. K Tet Question Bank Preparation

Second year Mathematics B Ed students prepared question bank for KTET examination with the aim that each student should qualify the examination before the end of their B Ed course. Haritha P V was appointed as the coordinator for question bank preparation. The strategy taken for preparation was that, the total syllabus for the examination was divided into 8 equal parts, each of the part is given to each student, and they were asked to prepare a minimum of 25 questions from their corresponding section. Each student prepared their questions in multiple choice model.Exam preparations were made on the basis of the question bank, 3 students qualified K TET,3 students qualified C TET and 3 students qualified set examination.

4. Micro Teaching

For learning various skills in Mathematics the teacher trainees of mathematics department of PKM College took micro teaching classes under the guidance of Dr Sholy Joseph K, Head of mathematics department. The topics handled by all the 8 teacher trainees is mentioned below

Name of student teacher	Topic
Akhila James	Polygons
Haritha P V	interest
Jisna Augustine	Fractions
Joyamol T Baby	Probability
Jwala Mariya Cyriac	Arithmetic sequences
Manjusha N	Equal triangles
Sanjiya Benny	Circles
Sneha V	Introduction to three dimensional figures

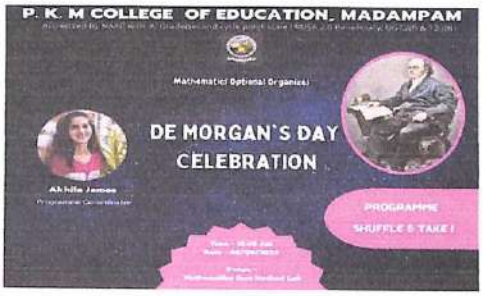
5. De Morgan's Day

Report



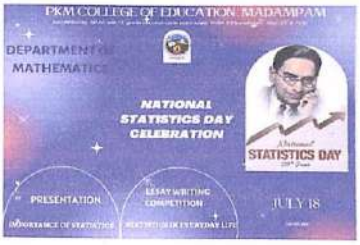
Mathematics optional of P.K.M College of Education Madampam celebrated De Morgan's Birthday on 8th June 2022 by conducting a shuffle & take programme.The programme was begin at 1:30 pm in the mathematics class cum method lab. Akhila James was the programme co.ordinator. The other members of the class (Haritha P V,Jisna Augustine,Joyamol T Baby,Jwala Mariya Cyriac, Manjusha N,Sanjiya Benny,Sneha v) were took the question and answered them.

6. National Statistics Day

Report

National Statistics Day 2022 was celebrated by department of mathematics on 18 / 7 / 2022 , Monday , at class cum method lab .

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM. P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.,-670631



The program was started with the welcome speech by Ms. Jisna Augustine . Then the program coordinator Ms . Joyamol T Baby presented a presentation on the topic ' The Importance of Statistics in Everyday Life .' Dr. Sholy Joseph delivered the presidential address for the program. Then Ms. Manjusha N delivered a felicitation and it followed by Ms. Sanjiya's vote of thanks.

OTHER ACTIVITY

Department of Mathematics conducted a essay writing competition on the topic ' Importance

of Statistics in Everyday Life' for the entire B.Ed students at PKM college of education.

7. Wilhelm Leibniz Day

Report

Wilhelm Leibniz day celebration was held on 2022 July 25 at maths cum method lab.The meeting was welcomed by Manjusha .N. Then Dr.Sholy Joseph, Head of the Dept.,presented

8. John Venn Birthday

Report

Mathematical optional of P K.M college of education, Madampam celebrated John Venn's Birthday on 4th August 2022. This programme was welcomed by Haritha P. V and head of the mathematics department Dr. Sholly Joseph presented the presidential address. After that Jwala Mariya Cyriac presented facilitation to the programme. Followed that the programme coordinator Sneha V held a puzzle competition in the class by dividing the class into 3 gropus. The group containing Haritha P V and Joyamol won the first prize , group of Manjusha N and Jwala won the second prize. The programme ended with the vote of thanks of Akhila James.

9. Acclimatization

A Teacher 's professional duties may extend beyond formal teaching :ie.help with organisation of school functions ,serving as supervisors etc. The two year B Ed course therefore includes a one week school acclimatization programme for student teachers.It was conducted from 11/08/22 to 19/08/22.

10.Criticism Class

As an essential part of B.Ed course criticism classes of mathematics students of 2021-23 batch was conducted from 23/09/21 to 30/09/21. Students prepared well for their class .It was conducted in maryland HSS Madampam.After watching classes of each one a discussion was conducted and critically examine positive aspects and the points need to improve. All students and teacher participated in discussion. The criticism classes was very helpful for every students to improve their teaching skills.The topics taken by them are given below.

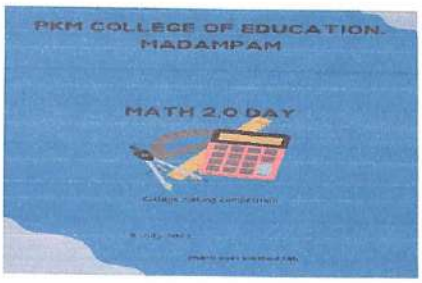
Sneha V	Prisms

11.Math 2.0 Day

Report



Math 2.0 day celebration was held on 8 August 2022 at math cum method lab. The meeting was welcomed by Akhila james. Then Jisna Augustine presented the presidential address. The felicitation was done by Sanjiya Benny.

After that the program coordinator Manjusha N explained the importance of Math 2.0 day celebration and gave rules and regulations for the collage making competition. The student teachers were grouped into 3 and made collage on the topic relation between mathematics and technology. Each group participated in a good manner.

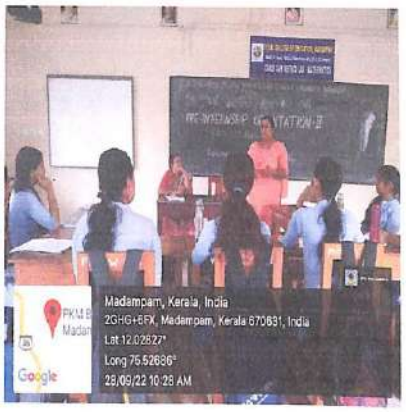
SREEKANDAPURAM, KANNUR DT.-670631

Internal Quality Assurance Cell of P.K.M College of Education Madampam conducted pre – internship orientation for Mathematics Student Teachers on 28th September 2022. The programme begun at 9.45 am in the Mathematics Class Cum Method Lab. Mrs. Jismy Georgekutty, UPST, Vayathur UP School Ulikkel was the resource person of the programme. Mathematics Optional Teacher Asst.Prof. Dr.Sholly Joseph delivered the welcome speech for the programme. After that Mrs. Jismy Georgekutty delivered her teaching experience to the student teachers. The student teachers of mathematics optional cleared their doubts regarding teaching in school. It was a good experience to the student teachers to get an interactive session

with an expert before going to their internship programme. Student teacher Ms. Jisna Augustine delivered the vote of thanks. The programme ended at 12.30 pm.



14. School Internship

School internship for the academic year 2020-22 began on 06/10/2022. Classes started for 8th and 9th standard students 6/10/22 onwards. Around 50 lesson plans were taken for 8th and 9th standard students. 10 classes were taken in HSS or UP classes. Student teachers participated actively in every program conducted in their respective schools and made School activities record according to that. Total 8 records were prepared and presented by each students on the basis of school internship. Sakunthala devi rememberance and national mathematics day were celebrated successfully on each school and different Mathematics related competitions and events were conducted. List of students and their schools.

Sanjiya Benny	02/01/23	Cooperative learning ,mathematics clubs, mathematics fairs or exhibition :Mathematics Olympiad , mathematics talent search examination
Sneha V	01/01/23	Unit 1: Planning For Teaching-Learning Mathematics

16.. Set ,K Tet ,C Tet Holders

In preparation for the competitive exams, the student-teachers came together and discuss the syllabus and previous year's question papers, and each student prepared probabilistic questions on each papers. Six students from the Mathematics section appeared for the set examination held on January 22, 2023 and three students, Haritha P V,Jisna Augustine and Manjusha N qualified for the SET.FIVE students from the Mathematics section appeared for the K TET examination and three students, Joyamol T Baby,Jwala Mariya Cyriac and Manjusha N qualified for the K TET. Three students from the Mathematics section appeared for the C TET examination and three students, Joyamol T Baby,Jwala Mariya Cyriac and ,Jisna Augustine qualified for the C TET.

FIRST & SECOND SEMESTER REPORT (2022-24 BATCH)

17. Geometrical pattern and Number pattern

Every student teachers submitted an assignment consisting of 15 geometric patterns and 15 number patterns in both hard and soft forms.

18.Contributions of Mathematicians

Every student teachers submitted an assignment consisting of 15 Mathematicians and their contributions.

19.Workshop on Brochure making

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P.O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

P.K.M College of Education, Madampam conducted a brochure making workshop for first year B.Ed Mathematics students on Tuesday 11/10/2022 at 1.30 pm in Mathematics Class Cum Method Lab. Ms. Archana.K.N introduced brochure maker using **CANVA** App in Google Play Store for other students. Ms. Jobina Jose delivered the welcome address. Moderator Dr. Sholy Joseph K delivered a speech and enunciated the relevance of brochure in our academic life. Ms.Chaithanya C K delivered felicitation to the programme.

Ms. Archana K N explained the activities included in the brochure. And explained the important things that we need to keep in mind while making a programme brochure. At the end of the section other children were given the task to prepare the brochure of any subject and find different levels of this application. Ms Snehadas D S proposed vote of thanks. The programme came to an end at 2.30 pm.

20.Dr.Harish Chandra Birthday Celebration

P.K.M College of Education, Madampam conducted a celebration on Birth Anniversary of Dr. Harish Chandra, an Indian mathematician for first year B.Ed Mathematics students on 14/10/2022 at 1:30pm in Mathematics class cum method lab. Ms. Liya introduced Dr. Harish Chandra and conducted a programme based on this celebration. Ms. Akhila V delivered the welcome address. Moderator Mr.Akshay G delivered a small information about Dr. Harish Chandra. Mr. Harikishor KV delivered felicitation to the programme.

Welcome by Akhila V.

Moderating by Akshay G

P.K.M. COLLEGE OF EDUCATION
KAITHARAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

Fecilitating by Harikishor

Ms. Liya started the celebration by introducing Dr. Harish Chandra. Harish-Chandra (11 October 1923 – 16 October 1983) was an Indian American mathematician and physicist who did fundamental work in representation theory, especially harmonic analysis on semisimple Lie groups. He was known for Harish Candra's c- function, Harish Candra's character formula, Harish Candra's homomorphism, Harish Candra's isomorphism, Harish Candra module, Harish Candra's regularity theorem, Harish Candra's Schwartz space, and Harish Candra transform. He received awards like Fellow of the Royal Society, Cole prize in algebra and Srinivasa Ramanujan medal .

In accordance with his Birth Anniversary , Ms. Liya conducted a small programme that included some quizzes, puzzles and riddles. She partitioned the students into two groups A and B and all of them actively participated in the programme. The problems includes what is Ramanujan number . Luckily both the groups answered. The solution was 1729. The next question was to answer what is √(9%) of 99 . All of them answered very quickly. The next question was from introductory part of Dr. Harich Chandra. The question was to answer his birth place and his contributions. Then questions of several riddles and puzzles were asked. Total of 10 questions were there. Finally group A won the match by 6 points and group B scored 5 points. Then Ms. Archana K N proposed vote of thanks. The programme came to an end by 2:30 pm

.

During the first week of October, the teacher allotted topic for seminar to each student teachers. Seminar topics are added below.

No.	Name of the Student Teacher	Date	Topic
1	Liya	18-10-2022	Qualities and competencies of a good Mathematics teacher
2	Chaithanya C K	25-10-2022	Correlation of Mathematics
3	Snehadas D S	28-11-2022	Mathematics Curriculum
4	Akhila V	08-12-2022	Professional growth of Mathematics teacher and Content organization
5	Anu Maria Jacob	13-12-2022	Mathematics Curriculum Reforms
6	Harikishor K V	04-01-2023	Teaching techniques and small group techniques
7	Zia .R	03-01-2023	Problem solving method and project method
8	Jobina Jose	06-01-2023	Analytic and synthetic method of teaching
9	Akshay G	06-01-2023	Technics of individualising instruction-homogenious grouping supervised study, self study.
10	Archana K N	10-01-2023	Orientation and implication to theories of Bruner,Piaget,Gagne,Vygotski,Chomsky and Gardner in teaching Mathematics

(i) SEMINAR ON QUALITIES AND QUANTITIES OF A GOOD MATHEMATICS TEACHER

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

P.K.M College of Education, Madampam conducted a seminar on the topic qualities and quantities of a good Mathematics teacher on 18 th October 2022 at 1:30 pm in class cum method lab- mathematics. Ms. Liya was the presenter of the programme. Ms. Chaithanya C K was the moderator and delivered a

small information about the topic. Chief guest Dr. Sholly Joseph K and Ms. Archana KN delivered the felicitation to the programme .

Ms. Liya conveyed various qualities of a good Mathematics teacher . He or she should possess qualities like Interest in mathematics, Positive attitude towards mathematics, Knowledge of individual differences, Patience and Tolerance etc... She also explained various competencies of a good teacher. She explained briefly about the importance of applying new technology in teaching learning. Then everybody in the meeting shared their experience in their mathematics life. Finally the meeting ended with vote of thanks by Mr. Harikishore K V.

Welcome by Anu Maria jacob.

Moderating by Chaithanya C K

Felicitation by Archana.

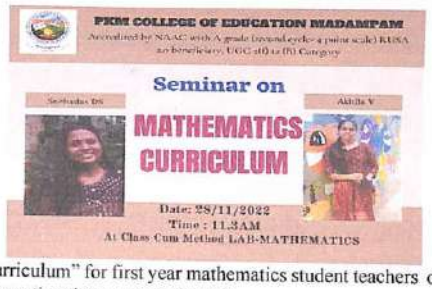
(iii) SEMINAR ON MATHEMATICS CURRICULUM

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

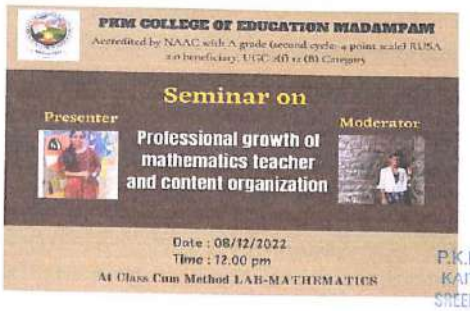
Mathematics department of PKM College of Education, Madampam conducted a seminar on



"Mathematics curriculum" for first year mathematics student teachers on 28th November 2022 at 11am in Mathematics class cum method lab.

Ms. Snehadas D S presented on the topic Mathematics curriculum. Ms. Akhila V was the moderator of the seminar. The programme came to an end by 12.30 pm.

(iv) SEMINAR ON PROFESSIONAL GROWTH OF MATHEMATICS TEACHER AND CONTENT ORGANIZATION



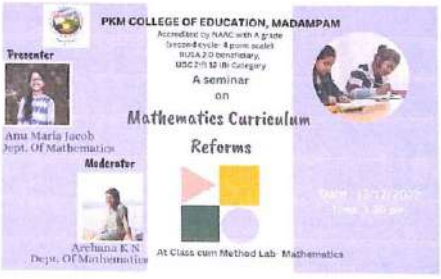
PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.,-670631

Mathematics department of PKM College of Education, Madampam conducted a seminar on "Professional growth of Mathematics teacher and content organization" for first year mathematics student teachers on 8th December 2022 at 12 O' clock in Mathematics class cum method lab.

Mr. Akshay G delivered the welcome address. Moderator Ms. Jobina Jose gave an introduction to the programme. Ms. Archana K N delivered felicitation to the seminar. Ms. Akhila V presented on the topics professional growth of Mathematics teachers, role of NCERT and SCERT in the professional growth of Mathematics teacher and principles of content

organization . Ms. Snehadas D S proposed vote of thanks. The programme came to an end by 12.40 pm.

(v) SEMINAR ON MATHEMATICS CURRICULUM REFORMS



P.K.M College of Education, Madampam conducted a seminar on Mathematics Curriculum Reforms for first year BEd Mathematics students on 13th December 2022 at 1.30 pm in Mathematics- class cum method lab . Ms. Akhila V delivered the welcome address. Moderator Ms. Archana K N controlled the introductory program. Ms. Akshay G delivered felicitation to the program. Ms. Anu Maria Jacob started the seminar presentation. The seminar includes the Mathematics curriculum reforms in SMSG, SMP, NUFFIELD, NCF and KCF. The seminar came to an end at 2.30 pm. Ms. Chaithanya C K proposed Vote of thanks.

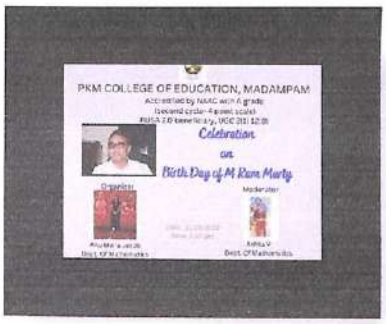
22. Dr. M Ram Murti Birthday Celebration



P.K.M College of Education, Madampam conducted a celebration on Birth Day of Dr. M Ram Murty, an Indo- Canadian mathematician for first year BEd Mathematics students on 21 st October 2022 at 2.30 pm in Mathematics- Class Cum Method Lab. Ms. Anu Maria Jacob introduced Dr. M Ram Murty and conducted a program based on this celebration. Mr. Akshay G delivered the welcome address. Moderator Ms. Akhila V delivered a small information about Dr.M Ram Murty. Ms. Snehadas D S delivered felicitation to the programme.

Welcome by Akshay G Moderator addresses to the function

Felicitation by Snehadas D S

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

Ms. Anu Maria Jacob started the celebration by introducing Dr. M Ram Murty. M Ram

Murty(born on 16 October 1953) is an Indo- Canadian mathematician at Queen's University where he holds a Queen's research chair in Mathematics. He is a leading figure in Number Theory. He is particularly interested in modular forms, elliptic curve theory and so on. He received awards like Fellow of the Royal Society of Canada, Coxeter- James prize and Felow of American Mathematical Society, the Fields Institute and Indian Academy of Sciences.

In accordance with his Birth Day, Ms. Anu Maria Jacob conducted a small program that includes some puzzles and riddles to find the missing number series in Math puzzle. She partitioned the students into four groups A, B, C and D and all of them actively participated in the program. Total of 10 questions were there. Then Ms. Jobina Jose proposed vote of thanks. The program came to an end by 3:30 pm.

23. Workshop on google form.

PRINCIPAL

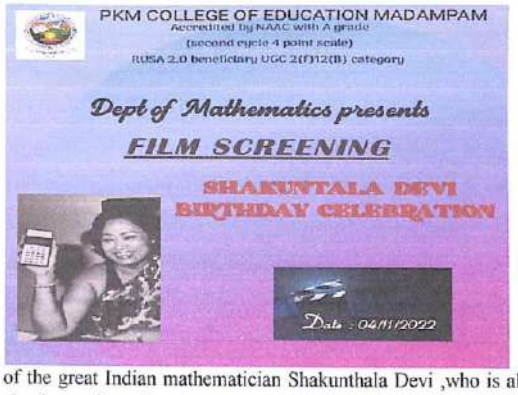
24.Shakunthala Devi Birthday Celebration.



On the birthday of the great Indian mathematician Shakunthala Devi ,who is also known as 'human computer' , the mathematics department of PKM College of education, Madampam conducted a film screening in the college general hall on friday ,4th ,November 2022 at 2.00 pm. The Indian film , *'Shakunthala Devi'* ,the biographical film of the great mathematician Shakunthala Devi ,which is written and directed by Anu Menon ,was screened for all the first year students to understand the extra ordinary story of Shakunthala Devi. Student coordinator Akhila V gave a brief description about Shakunthala Devi before screening the film. The film could help the students to understand the fascinating life and mathematical skills of Shakunthala Devi.

25.Fibonnacci day celebration

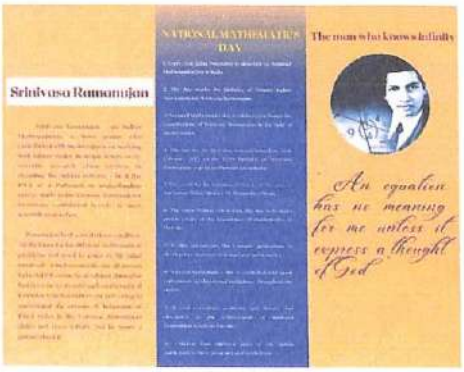
Mathematics department of PKM College of Education, Madampam organized a celebration on Fibonacci day for first year mathematics student teachers on 30th November 2022 at 11.30 AM in Mathematics class cum method lab.

Ms.Ziya.R delivered the welcome address. Moderator Dr. Sholy Joseph gave an introduction to the programme. Ms. Liya delivered felicitation to the programme. Ms. Akhila V began the celebration by giving brief information about Fibonacci day celebration. She mentioned about Fibonacci sequence, Golden ratio, Fibonacci sequence in nature, Fibonacci day etc.

As part of the celebration, Ms. Akhila V partitioned the students into two groups and conducted a competition which included puzzles, riddles and general questions on Mathematics. Also she gave the task to solve the Jigsaw puzzle to both the groups. She ensured the active participation of all students. Ms. Snehadas D S proposed vote of thanks. The programme came to an end by 12.30 pm.

26.National Mathematics day.

ASYMPTOTIA 2022



B.Ed Mathematics students of batch 2022-24 in association with Mathlovers club of P.K.M

College of Education, celebrated National Mathematics Day, 'ASYMPTOTIA' on Thursday 22/12/2022 at 9.30 am at P.K.M College of Education, Madampam. Every year, 22nd

December is observed as National Mathematics Day to mark the birth anniversary of Srinivasa Ramanujan, a legendary Indian Mathematician. His contributions to Number Theory, Infinite Series, Mathematical Analysis, etc., are considered as instrumental. Mathematics day is marked to celebrate his works and recognize him as legend in mathematics. National Mathematics Day is an occasion to remember Ramanujan's great achievements.

Mathlovers club and Mathematics department of P.K.M. College of Education, conducted a programme 'ASYMPTOTIA' to celebrate National Mathematics Day. Jobina Jose student coordinator ,Dept.of Mathematics delivered the welcome address. Dr. Sholy Joseph K (Assistant Professor , Department of Mathematics) delivered the presidential address. At 9.45 AM, the Principal, Dr. Jessy N. C inaugurated the ceremony. Release of Mathematics class magazine 'SIGMA 2022-24', e - calendar for the year 2023 and an exhibition prepared at

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
MADAMPAM
KANNUR DT.-67063

mathematics classroom were inaugurated by the Principle Dr. Jessy N C. Also released Compendium of KTET questions by Dr. Rekha K.R. Associate Professor, English Department. A Game Session and Treasure Hunt was also conducted. Anu Maria Jacob, student teacher, Dept. of Mathematics introduced the e-calendar. Harikishor K.V, student teacher, Dept. of Mathematics spoke about compendium of KTET questions. A short video on Srinivasa Ramanujan was played during the ceremony.

Anju T Mathew, convener of Mathlovers club delivered a felicitation to the programme and Akhila V, student teacher, Dept. of Mathematics delivered the vote of thanks.

SIGMA 2022-24

Mathematics class magazine 'SIGMA 2022-24' was released by the Dept. of Mathematics on 13th January 2023. It was released during the National Mathematics Day celebration by Dr. Jessy N C, the principal of P. K. M. College of Education, Madampam. The magazine was under the guidance of the Chief Editor Dr. Sholy Joseph K, Assistant Professor of Mathematics Department.

The magazine 'SIGMA 2022-24' was a collective effort from the student teachers of Mathematics Department. Dr. Sholy Joseph K was the chief editor accompanied by sub editor Liya, student teacher of mathematics and the associate editors Akhila V, Akshay G, Anu Maria Jacob, Archana K N, Chaithanya C K, Harikishor K V, Jobina Jose, Snehadas D S and Zia R (all are student teachers, Dept of Mathematics). The magazine includes articles on National Mathematics Day, Pi Day, and Fibonacci Day. It also includes great mathematicians and their contributions, various medals given in the mathematics field, maths fun, maths comics, puzzles, riddles and facts. An overview of the text was given by the sub editor Liya during releasing ceremony.

KAITHA HOME P.O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

E- CALENDAR

As part of National Mathematics Day celebrations, Department of Mathematics released an Academic Maths Calendar. It was released by college principal Dr. Jessy N C on 22nd December 2022. The 2023's calendar consists of birthdays of famous mathematicians, holidays and other Mathematics related days. The intention behind this attempt is to remember the great contributions of all Mathematicians around the world to the growth of Mathematics. On their birthdays, the students celebrate the day by collecting the information of their contributions and biography and getting inspired by them. Ms. Anu Maria Jacob gave an overview about the e-calendar.

COMPENDIUM OF KTET QUESTIONS

A compendium of K-TET questions was published by the Dept of Mathematics and P.K.M College of education during the National Mathematics Day celebrations here at P.K.M College of education. It was under the guidance of the Chief Editor Dr. Sholy Joseph K (Asst. Prof. of Mathematics, PKM College). The publication was done by handing over a copy of the text to Dr Rekha K R (Associate Prof. English, PKM College).

The compendium of K-TET questions was a collective effort from the student teachers of the mathematics department. The idea of preparing such a text came early during their first days of BEd classes and later on it took shape and finally was published as a text. Dr Sholy Joseph K was the Chief editor accompanied by the Sub Editor Harikishor K V (student teacher, Dept of Mathematics) and the associate Editors Akhila V, Akshay G, Anu Maria Jacob, Archana K N, Chaithanya C K, Jobina Jose, Liya, Snehadas D S and Zia R (all are student teachers, Dept of Mathematics). The text mainly focus on the questions from Mathematics and General Science from category 1 & 2. The text will hopefully be beneficial for BEd students of Mathematics optional. An overview of the text was given by the Sub Editor Harikishor K V during the publishing ceremony.

EXHIBITION

As part of National Mathematics Day 2022-23 celebrations, there was an Exhibition held by the Department of Mathematics and Mathlovers Club on 22/12/2022. The exhibition was inaugurated at 11.30 am by College Principal Dr. Jessy N C. Assistant Professor of Mathematics and Co-ordinator of Mathlovers Club Dr. Sholy Joseph K was also present there. Teachers and students also participated. The exhibition showcased interesting games such as

Tower of Hanoi puzzle, Diagonal Move Game, Prime Number Game, Age Calculator,

Dominoes puzzle and many charts including Geometric Patterns, contributions of famous Mathematicians and Time. Student teachers from all departments participated in this exhibition. It was exhibited till noon on 23/12/2022.

MATHS PUZZLES AND RIDDLES

As part of National Mathematics Day, Mathlovers Club organized a puzzle competition for student teachers on that day. Harikishor K.V and Anju T Mathew were the quiz masters. About 15 questions were asked and all the student teachers participated. In the competition, English student teacher Jyothis Cyriac won the first prize, and Physical Science student teacher Anusha

V and Akshay Sukumaran won the second and third positions. On 23/12/2022, after the morning college assembly, English Department Associate Professor Dr. Rekha K R felicitated the winners with prizes.

TREASURE HUNT

As part of the National Mathematics Day celebration, the Math lovers Club organized a Treasure Hunt for the student teachers on the same day at 1:00 pm. From each optional subjects, a group of 4 students participated. The group that would gather all the clues and reach the treasure first would be declared as the winner. Each group was provided with a volunteer from the club. There were seven clues and each clue led to a spot in the college. While reaching there they would get the next clue and 3 pieces from a Jigsaw puzzle from the volunteers. After the 6thclue they would get the complete set of Jigsaw puzzle and they were instructed to solve that. After solving the puzzle they were given the clue to the treasure. The group from the English optional found the treasure first and they won the game. Various parts of the college were used for the clues. The game showcased the team work and coordination among the group members.

27.School Acclimatization

School Acclimatization Programme is an inevitable constituent of the Kannur University Two Year B.Ed. Curriculum preferably conducted during the second semester of the course. It is beneficial to the student teachers for having a better understanding of schools prior to their teaching practice in the third semester. Student teachers are given opportunities to visit innovative centres of pedagogy and learning innovative schools/educational resource centres for a period of one week which enables them to get adapted to the school environment. During this period, prospective teachers shall observe classroom transactions but will not deliver any lessons. However, they may take up as works assigned by the teacher educators/ school teachers/principals or get engaged in the classrooms whenever they are asked to do so. The programme focuses on four different dimensions:

a) School and its environment

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHARAM, P.O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

b) School dynamics

c) Teaching learning process

d) Understanding of children.

A close scrutiny and successful exploration of the above four mentioned dimensions by the student teachers is much essential to be a constructive teacher in the future.

The ten student teachers of the Mathematics Optional of 2022-24 batch of P.K.M. College of Education opted for eight different secondary schools in Kerala across three districts; Kannur, Kasaragod and Kozhikode.

Roll No.	Name of the Students	Name of the School
2216	Akhila V	Moothedath Higher Secondary School, Kannur
2217	Akshay G	Kuthuparamba Higher Secondary School, Kannur
2218	Anu Maria Jacob	Holy Family Higher Secondary School, Rajapuram, Kasaragod
2219	Archana K. N	Govt. Ganapath Vocational Higher Secondary School, Feroke, Kozhikode
2220	Chaithanya C. K	Iritty Higher Secondary School, Kannur
2221	Harikishor K. V	Kuthuparamba Higher Secondary School, Kannur
2222	Jobina Jose	Holy Family Higher Secondary School, Rajapuram, Kasaragod
2223	Liya	Secret Heart Higher Secondary School, Angadikkadavu, Kannur
2224	SnehaDas D. S	Govt. Higher Secondary School, Kokkallur, Kozhikode
2225	Zia R	Rajeev Gandhi Memorial Higher Secondary School,Mokeri, Kannur

During the period of their school acclimatization programme the student teachers make use of the numerous opportunities which include observing classes of the teachers, getting them engaged in classes with small games, songs and motivating stories, interaction session teachers and students. They were also part of the discipline duty, examination duty, mid-day meal programme, coordinating Annual day programs and various other competitions.

28.Micro Teaching

For learning various skills in Mathematics the teacher trainees of Mathematics department of PKM College took micro teaching classes under the guidance of Dr. Sholy Joseph K,Head of Mathematics department.
The topics handled by all the 10 teacher trainees is mentioned below.

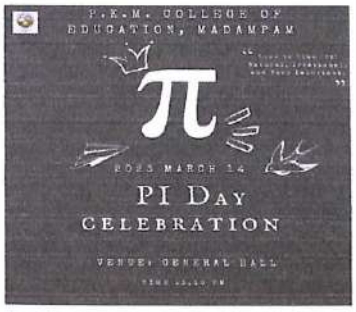
29.PI Day Celebration



B.Ed Mathematics students of batch 2022-24 and 2021-2023 in association with Math lovers club of P.K.M College of Education, celebrated PI Day on March 14 2023, Tuesday at 3.30 pm at P.K.M College of Education , Madampam. Pi Day is an annual celebration of the mathematical constant π (pi). Pi Day is observed on March 14 (the 3rd month) since 3, 1, and 4 are the first three significant figures of π. It was founded in 1988 by Larry Shaw, an employee of the San Francisco, California science museum, the Exploratorium.

Math lovers club and Mathematics department of P.K.M. College of Education, conducted a programme to celebrate PI Day. Introductory remarks and welcome address was delivered by Anju T Mathew, student convener, Mathematics club. Presidential address was delivered by Dr. Prasanth Mathew, Vice Principal, PKM College of Education. By 3.45pm game section has started. There were games like memorization of digits in PI, solving rubik's cube, word search puzzles, and PI word game. All the teacher students of every department actively participated in every games. Finally at 4.10pm game section came to an end. Gifts for the winners were distributed by Jomol miss, Assistant professor, Natural Science and Veena Appukuttan, Assistant Professor, Social Science. Vote of thanks was delivered by Akhila V., student teacher, Mathematics.

P.K.M. COLLEGE OF EDUCATION, MADAMPAM

DEPARTMENT OF NATURAL SCIENCE

ACTIVITY REPORT 2022-2023

Objectives

- To acquaint with the theoretical back ground in teaching learning process.
- Develop skills in teaching like skill of introducing a lesson, skill of explanation, illustrating with examples, class management, skill of questioning, skill of board writing, skill of using learning aids, teaching methods, class management, organizing different school activities etc.
- Develop research skills and research culture among the student teachers by preparing and publishing field manuals, books, booklets etc.
- Develop competent natural science teachers with subject competency, organization skills, communication skills, ICT Skills, leadership quality, laboratory skills, skills in organizing different curricular and co-curricular activities etc.
- Develop socially committed Natural science teachers with scientific sensitivity, attitude interest and creativity in all works and activities.
- Student teachers get critical thinking, analytical skill, creativity skills, organization skills, leadership quality etc. through different co-curricular activities such as role play, projects, seminars etc.
- The student teacher develops presentation skills and communication skills through different presentations and seminars.
- By doing outdoor activities like project, surveys helps the learner to get opportunity to spend with nature and gain naturalistic intelligence.

- By organizing different webinars and programmes the students develop different skills organizing and executing different activities and programmes.

Strategic plan

- By different sessions the student teachers will get critical thinking, analysis, creativity skills, organizing skills , develops ways of expression, communication skills etc.
- Through the different projects the student teachers get opportunity to develop research skills, leadership skill, co-operation, organization skill, interpersonal skill, collection of data, analysis, interpretation, report writing etc.
- By preparing science related albums the student teachers will get skills in collecting data, analyzing, organizing, presenting and reporting etc.
- Surveys, field trips project works etc. were also helps the student teachers to acquire different skills.
- Seminars and presentations will improve the presentation skills and confidence among the student teachers.
- Both theoretical and practical curricular and co-curricular activities definitely develop different skills and this makes efficient natural science teachers with ethics and positive attitude.

Course learning outcomes

- By theoretical activities, discussions, demonstrations, panel discussions, online teaching etc. student teachers get a sound knowledge on the theoretical back ground of the teaching learning processes, become subject competent.
- By the practical sessions such as microteaching discussion, demonstration and criticism lessons the student teachers develop different skills in teaching learning process, student management , class management, organizing different

P.K.M. COLLEGE OF EDUCATION
KANNUR, P.O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.,-670631

programmes, science clubs, exhibitions, games, conducting projects, role plays debates and several curricular and co-curricular activities.

- By preparing science related albums the student teachers develop skills in collecting data, writing skills, skills in analysis, organizing skills, editing skills etc.
- By doing action research and preparing articles and presenting papers the student teachers develop research skills.
- By conducting survey, field trips, projects the student teachers get deeper knowledge in different methods and acquire different skills such as leadership skills, interpersonal skills, data analysis, interpretation etc.
- By doing environment related activities the student teachers develop naturalistic consciousness.

Activities planned

- Magazine
- Biological album
- Publications
- Project
- Seminar
- Paper presentations
- Assignments
- Webinar
- Day observance
- Ecofriendly activities

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION

- Content analysis
- Practical records
- Discussion, demonstration and criticism. Sessions.
- Teaching aids preparation
- Action research
- Resource unit
- School internship.

Many curricular and co-curricular activities were done by the Natural Science department. The details were given below

WORLD ENVIRONMENT DAY

World Environment day was celebrated on 6th June 2022. Different programmes and competitions such as planting tree saplings, leaf identification competition, seed identification competition etc. were conducted.

PRINCIPAL

Tree saplings were planted in the campus. All students and faculties were participated in the same. After that different competitions were conducted like leaf identification and seed identification. 20 leaves of different plants were placed and conducted leaf identification competition. After this 19 seeds were placed for identification. Students were participated enthusiastically. After the competition student co-ordinators explained the different types of plants and seeds and methods used for their identification.

SELF EXPOSITION

The Self Exposition Program named "Ooru" by the 1st year B.Ed. Natural Science students was held on 14th October 2022 at 03.30 pm in the multipurpose hall of P. K. M. College of Education, Madampam. The aim of the program was to introduce students' abilities and promote their unity in classrooms. The program started with the entry of Mr. Hariprasad N. as a YouTube blogger into a forest and the students introduced themselves. Then the team performed a folksong followed by kadhaprasangam of Ms. Anju M J and mappilapattu of Ms. Sahala Yasmin K. Individual songs were also sang in between by Ms. Sreelakshmi V P, Ms. Linet Treesa Mathew and Ms. Aiswarya P.V. Topics related to the subject were added in between the act by Ms. Sheethal C. and Ms. Blessy Joy. The program ended with a group dance and at last a message was also given about the need for conservation of nature. The session was concluded at 4.15 pm by Sr. Caroline, Asst. Prof. in Malayalam who gave the feedback about the whole programme.

BRAINSTORMING SESSION

SESSION 1

A brainstorming session named "Break the shell" was conducted by the Department of Natural Science on 20th October, 11:00 a.m. at the Natural Science classroom cum methodology lab. The objectives of the program were to find solutions for stage fear, lack of confidence, and lack of communication. The session was moderated by Mrs. Jomol Jose, Assistant professor in natural science, and Miss Simmi Thomas, M.Ed. scholar at -the School of Pedagogical Sciences at Kannur University. The student teachers of natural science were actively participated in the session.

The solutions put forward by the participants in the case of stage fear include utilizing opportunities, planning, and preparation, getting familiarized with the environment, Realize your strength and weakness, visualizing success, self-motivation, practice, don't stick onto the mistakes. For lack of confidence, the solutions suggested were preparation and planning, optimism, self-motivation, communication skills, find a resource person. Saying what you know, keeping a rapport with the audience, and improving other languages, were the solutions proposed for improving communication proficiency. The moderators concluded and suggested additional solutions for each problem. The first session came to an end at 12:30 p.m.

SESSION 2

The brainstorming session 2 was conducted on 21 October 2022, 1 30 PM. The session was moderated by Mrs. Jomol Jose, Assistant professor in Natural science. The main objectives of session 2 were lack of subject knowledge and Technical skills proficiency.

The solutions put forward by the participants in the case of lack of subject knowledge were prepare content in-depth, study at the application level, update knowledge, share knowledge with others, use other media, test ourselves, attend seminars, and other classes, and refer to many textbooks and foreign authors. For lack of technical skills proficiency, the solutions suggested were tutorial videos, self-learning, attending courses, continuous use and update, and computer classes. The mediator concluded and suggested additional solutions for each problem. Session 2 came to an end at 2.30 PM.

The sessions were very helpful for student teachers to overcome their stage fear and to gain self-confidence. It also made us realize the importance of efficiency in languages and communication skills. The session also helped us to understand how to work on subject knowledge improvement and technical skills proficiency.

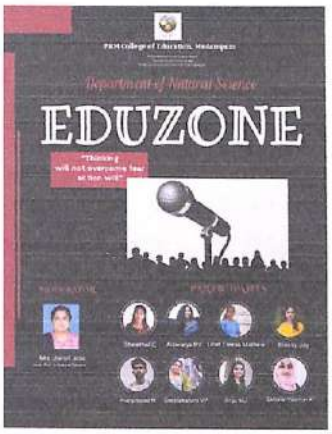
EDUZONE -SPEECH



In order to improve the speaking abilities of students in a stage, department of Natural science introduced a program called 'Eduzone'. As part of the program, each of the student teachers is provided with the opportunity to speak on particular topic. The program was inaugurated on 10/10/22 Monday with the speech by Ms. Sheethal C on the topic "Role of Education in Gender Equality". In her speech she talked about what is gender equality, where the world stands today in terms of it, what are the inequalities still present in the society and how far we came from the gender inequalities that were present in past times. She emphasized on the importance of education in bringing out gender equality as education is the only way to change the mind-set of people and the entire society. By saying this she concluded her speech. After the speech there was a discussion session, moderated by Mrs. Jomol Jose, Asst. Prof. in Natural Science. Student teachers of natural science were involved in the discussion and they shared their views on the various aspects of the topic. The session ended with the final conclusion by Mrs.Jomol Jose.

On 11th October 2022, Student teacher Aiswarya P V discussed on the topic "ROLE OF EDUCATION IN SOCIAL CHANGE" In her speech she talked about the role of education in social change. The changes all over the years are found to be the result of improvement in the educational field. She emphasized on the importance of education in bringing out changes in our

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT., 670631

daily life situations, as it is the key to change the mind-set of people of entire society. After the speech there was a discussion session, moderated by Mrs. Jomol Jose. Student teachers of natural science were involved in the discussion and they shared their views on the various aspects of the topic. The session ended with the final conclusion by Mrs. Jomol Jose.

Ms. Linet Treesa Mathew gave a speech on 12/10/2022 about the topic 'Leadership in students'. The talk was about the reasons for the decline of leadership quality in children as they get old and their lack of interest in taking even small responsibilities. The solutions for this were discussed and ways to improve leadership quality were pointed out. After the speech there was a discussion session, moderated by Mrs Jomol Jose. All the student teachers of the class shared their views and solutions of the same and were very well involved in the discussion. The session ended with the final conclusion by Mrs. Jomol Jose by emphasizing the importance of a teacher in bringing up the qualities and solving the problems of a student to a greater extend.

On 14/10/2022 Friday Ms. Blessy Joy delivered the speech on the topic 'Sex Education'. In her talk, she emphasized on what is sex education, its needs and relevance. Sex education teaches the child not only the basics of puberty, body changes and development but also gives a comprehending understanding of their bodies and how to say no to unwanted sexual activities. Sex education should be compulsory in every school. It doesn't promote to have sex, which should be realised by the parents, teachers and the society. Knowing about your sexuality gives altogether a better and productive mind-set and relationships. By saying this she concluded her speech. After the speech there was a discussion session, moderated by Mrs. Jomol Jose. Student teachers of Natural Science were actively participating in the discussion and each of them shared their views and experience. The session ended with the final conclusion by Mrs. Jomol Jose.

On 8-11-2022 Ms Sahala Yasmin K delivered the speech on the topic "The importance of connection". In her speech, she talked about the importance and benefits of having a good relationship with others. She emphasized on the emotional and social connections of humans and its importance and health benefits. Social connections provide good mental health and lower the rate of anxiety and depression and actually improve our immune system. Connections help us to regulate our emotions. By neglecting our needs to connect,we put our health at risk. By saying it

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAYIPAM
SREEKANDAPURAM, KANNUR DT., 670631

she concluded her speech. After the speech there was a discussion session. Student teachers of natural science actively involved in the discussion and shared their views and experiences.

Sreelakshmi V P student teacher of Natural Science presented her talk on topic "LEARN, UNLEARN, RELEARN" on 15th November 2022 at the Natural Science classroom. She stressed the significance of unlearning in the current situation in her address. Unlearning is the process of letting go of old beliefs, assumptions, and habits that no longer serve us, and relearn them with new, more useful ones. She concluded her speech with Unlearning is becoming increasingly important in present education as world is facing rapid changes in technology, the workplace, and societal norms. In order to adapt to these changes and succeed in the modern world, it is essential that students and educators are able to unlearn old beliefs and practices that are no longer relevant or effective, and embrace new ideas and ways of thinking. After the speech there was a discussion session, moderated by Mrs. Jomol Jose. Student teachers of natural science were involved in the discussion and they shared their views on the various aspects of the topic. The session ended with the final conclusion by Mrs. Jomol Jose.

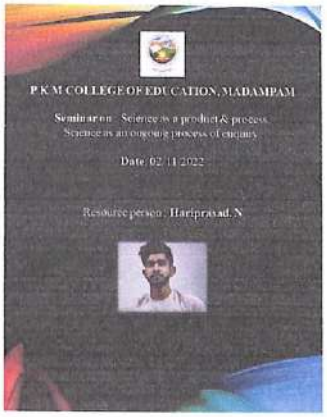
On 18/11/2022 Friday Anju M J delivered a speech on the topic "Influence of teacher on student's life". In her speech she talked about how teachers influenced her. A good teacher helps to become a good human being in the society and good citizen of the country. Students not only learn the academic lesson from a teacher, rather they learn a lot of things. They always encourage students to follow good habits. Whenever we say we are highly educated it is not only the subject knowledge. It includes everything our behaviour, confidence, respect etc. Saying this she concluded her speech. After the speech there was a discussion session. Student teachers of natural science were involved in the discussion and they shared their views on the various aspects of the topic.

On 25th December, Mr. Hariprasad. N discussed the topic 'Education and Superstition'. Further the topic left for discussion. The discussion mainly emphasised on false beliefs in society and pointed out some contemporary issues regarding superstition. At some point, it was evident through discussion that there is no relation between education & superstition. Because considering current scenarios, even highly educated class also bounded by superstition. Hence the discussion came to an end with stating that there has to be logical

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT., 670631

reasoning among people for differentiating what is belief and what is superstition. The session came to an end after 1 hour.

SEMINAR PAPER PRESENTATION



A seminar was conducted on the topic 'Science as a product & process, Science as an on-going process of enquiry' on 2nd November 2022 at the Department of Natural Science of P K M college of Education, Madampam. The topic was discussed by Hariprasad.N (1st year B.Ed. student) and soon after that, discussion and evaluation were done. The session started on 1.30 PM afternoon and ended within one hour. 1st year B.Ed. Natural science students were the participants.

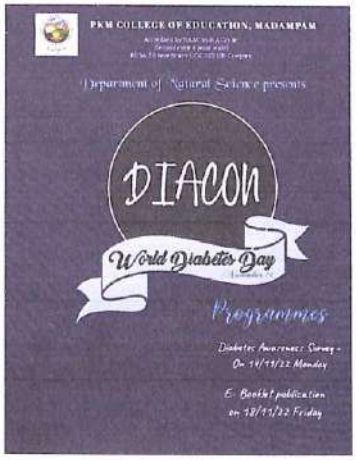
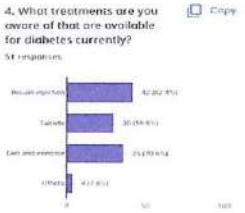
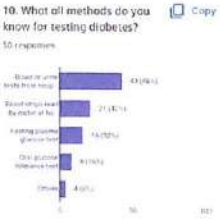
DIACON – DIABETES AWARENESS PROGRAMME & E-BOOKLET PUBLICATION



As a part of World Diabetes Day, the department of Natural Science and Bhoomithrasena Club were conducted a Diabetes survey among student–teachers and teachers of PKM College of education, Madampam. The survey was conducted on 14th November 2022 via google forms. The main objective of the survey was to understand the level of knowledge about diabetes and its control. The questions like the causes and symptoms of diabetes, available methods of testing diabetes, and also the available treatments for diabetes were included in the Google form. It also included the problems faced by the diabetic patients, the foods which increase the blood glucose level and its preventive measures. From the result of the survey, we can see that most of them don't aware of the different causes of diabetes and also they don't have much idea about all the available treatments for diabetes. Only very few of them were aware of all the methods of testing diabetes and the majority of them know about the food that diabetic patients can eat. From that, we realized the need for an awareness program and we have decided to prepare an e-booklet.

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHAPRAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT., 670631





Based on the result of the diabetes awareness survey, natural science student teachers prepared an e-booklet. The e-booklet contains information about diabetes i.e its types, symptoms, prevention and control, and treatment. The preparation of an e-booklet was completed on 15th November 2022.

A program was conducted by the department of natural science for the release of an e-booklet on 18th November 2022 at 10 am. The student teacher Aiswarya P.V gave the welcome

PRINCIPAL

BIODIVERSITY AWARENESS & EXTENSION PROGRAMME

On Thursday, December 1st 2022, Department of Natural Science in association with Bhoomithrasena club, P.K.M. College of Education Madampam conducted a one-day seminar under the sponsorship of the Kerala State Biodiversity Board. 'Building a Shared Future for All Time' served as the theme for the seminar. This is the first initiative in Kerala that the Kerala State Biodiversity Board has led and such a conference is desperately needed in this time where earth, plants, and animals are being destroyed. Ms. Sreethu, first-year student teacher begin the ceremony with a prayer song and was officiated by college vice-principal Dr. Prasanth Mathew. The welcome speech was delivered by Mrs. Jomol Jose,Asst. Pro. & co-ordinator of the seminar. K V Govindan, a member of the Kerala State Biodiversity Board inaugurated the function after

SREEKANDAPURAM, KANNUR DT.-670631

the inaugural speech. Aishwarya P V, co-ordinator of Bhoomithrasena club, gave a vote of gratitude at the conclusion of the meeting.

Around 11:30 a.m., the first technical session of the programme began. It was led by K V Govindan, a member of the Kerala State Biodiversity Board. The topic of the session was "Biodiversity and Life Security." He delivered a session regarding the importance of biodiversity, need of conservation, threats in the present hour etc. The session was highly informative and interesting one for all student teachers. An interactive session was held after the talk of the resource person. Ms.Jobina Jose proposed the vote of thanks and the programme came to an end by 1 pm.

PRINCIPAL

KAITHAPRAM P.O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

The second session started at 2:00 P M. V C Balakrishnan, a former secretary of SEEK organisation and environmental activist was the resource person. "Biodiversity Conservation at Local Level" was the topic. Ms. Linet Treesa Mathew, a student teacher of natural science department, introduced the resource person. Balakrishnan sir was given an elaborated description about the diversity available at local level and the need and significance of its conservation. The programme was followed by a very good interactive session. The programme ended at 4:00 p.m. with a vote of thanks by Mr. Akhil C K, a student teacher of Malayalam optional.

BIODIVERSITY AWARENESS SURVEY – MADAMPAM LOCALITY-3-12-2022

Bhoomithrasena club and Natural Science department of P. K. M. College of Education, Madamapam collectively conducted a Biodiversity survey on 3rd December 2022. Students of the college conducted the survey by grouping into three. All the groups were allotted to three different locations in Madampam. Each student was asked to collect at least 3 plants.

The first group of survey contained 9 student teachers of the college from different optional subjects. The field of survey was the P. K. M. College- Madampam road. Survey started at 9:45 am and every student was asked to collect at least three different plants. The group had a thorough observation of the area and collected about 30 plant materials including shrubs and herbs of different plant families. The collected materials were pressed on site and pictures

regarding the whole procedure were taken. The survey ended at 11.30 pm.

The second group of survey contained 9 student teachers of the college from different optional subjects. The field of survey was the P. K. M. College- Madampam road. Survey started at 9:45 different plant families. Further procedures were done after reaching college. The team reached college at 11.30 am .The group had a thorough observation of the area and collected

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHA PAL P.O. MADAMPAM
SREENANDAPURAM, KANNUR DT.,-670631

about 30 plant materials including shrubs and herbs of different plant families.

The third group contained 8 student teachers of the college which was headed by Hariprasad N and Aiswarya P V. The field of survey was Madampam – Amabatharu road. Survey started at 10.00 am and each of the students collected plants from the allotted area. The group moved along the road upto 2 km and collected almost 33 plants including Trees, shrubs and also herbs of different families. The collected plant specimens were pressed on the site itself

using newspaper. The team reached back college by 12.00 pm.

The pictures of plant collection were taken properly. Students tried to identify and study more about the plants using previous knowledge, technical help and also enquiring to expert teachers. The collected plants were kept in the classroom for further procedures. All the participants were enthusiastic during the whole survey which made the day both informative and memorable.

This programme was a new experience to all the student teachers and staff of P.K.M. College of Education, Madampam. Definitely the experiences and information received by the students teachers will really utilized in their future teaching profession for the welfare of our children and society. Later published the herbarium.

E- MAGAZINE RELEASING

The e- magazine, 'Floraison' prepared by the student teachers of Natural Science optional of 2022-2024 batch was released on 13th January 2023 from the respective optional classroom. The magazine was a science magazine with all the contents related to Science subject. It included various contents like story, poem, interesting facts, drawings, articles etc., about science related topics. The chief editor of the e- magazine was Mrs. Jomol Jose and the student editor was Linet Treesa Mathew. A minimum of two contents prepared by all the 8 student teachers of the class was included.

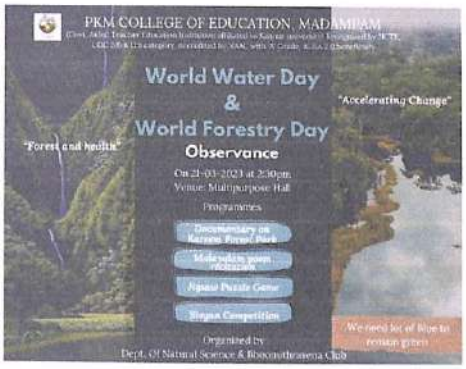
WORLD WATER DAY &WORLD FORESTRY DAY OBSERVANCE



Dept. of Natural science and Bhoomithrasena club of PKM College of Education, Madampam jointly organised World water Day and World Forest Day observance on Tuesday, 21st March 2023. The programme began at 3.30 pm in the Multipurpose hall. Ms. Jobina Jose, student coordinator of Bhoomithrasena club welcomed the programme. Principal Dr. Jessy N C delivered the presidential address. Ms. Aiswarya P V, convenor of Bhoomithrasena club, has given the introductory talk on Documentary. The Documentary was on Kerala's largest man made forest, Kareem forest which is situated in Kasargod district. The documentary bears more relevance on the occasion of world forest day. Ms Athira T C of second year Natural science recited a poem on Nature written by her. Followed by this, a Jigsaw puzzle competition and a

Slogan writing competition(Theme-Water conservation) were held. Mr. Hariprasad N and Sreelakshmi V P of First year Natural science provided the instructions. In the puzzle

PROJECT

As part of the first semester of B.Ed. curriculum, Natural Science optional of P.K.M. College of Education conducted a project on Biodiversity survey on 3rd December 2022. Student teachers of Natural Science optional conducted the survey by grouping into 3. Three separate locations in Madampam were assigned to each group. At least 8-10 plants had to be collected by each pupil. The survey started at 9:45am.

Student teachers of Natural Science Blessy Joy, Anju M J and Linet Teresa Mathew make up the first group, they were allowed to collect plants from P.K.M. College of Education Madampam road. The group observed the allotted area and collected about 25 plants. From there itself the collected plant materials are pressed and pictures regarding the whole procedure were taken.

The second group members were Sahala Yasmin, Sheethal C and Sreelakshmi V P. They were permitted to collect plants from surroundings of P.K.M. College of Education. The collected materials includes herbs and shrubs of different families and they pressed the plant materials on site. More than 20 plants were collected by second team.

Aiswarya P V and Hariprasad N together constituted third group. The field of survey was Madampam -56 road. The group moved along the road up to 2 km and collected almost 20 plants from the allotted area.

The three groups reached the college by 12:00 pm with about 70 plants. Then started to identify the scientific name and families of the pressed plants. After the identification process, the plants were classified according to the Bentham and Hooker system of classification. The collected angiosperms (Flowering plants) were classified into 28 families and pteridophytes into 2 families. The collected plants were kept in the Natural Science classroom for further procedure. The 8 student teachers of Natural Science optional enthusiastically participated in the survey. The day made more informative.

- **PREPARED DICSUSSION LESSON PLANS**

To familiarize with lesson planning student teachers discussed the various instructional objectives and activities in groups and prepared five discussion lesson plans based on the topics in high school biology. Given an orientation to lesson plan writing, its objectives, steps involved, pattern, procedure, critical evaluation etc. Then one discussion lesson plan session was conducted for whole group. Directed, guided them in throughout the session. Then divided the students in to two groups and conducted two discussion lesson plan preparation session. Given corrections and after modifications the students were submitted five discussion lesson plans.

- **PREPARED DEMONSTRATION LESSON PLANS**

Conducted five demonstration lesson plan sessions. Given the links of class videos of Victers channel. Given directions to observe the classes and for preparing lesson plans on demonstration classes. After the five sessions the students were prepared five discussion lesson plans and submitted. The demonstration lessons helped to develop observation skills and learned the patterns and teaching skills used in the constructivist classrooms

- **CRITICISM CLASSES**

Criticism classes were conducted for seven students in natural science where prepared one criticism lesson plans and submitted. corrections and modifications were given. Then each one had taken a criticism class and recorded it. The recorded video of the classes where digitalized. Later conducted a criticism sessons for each student to critically evaluate the classes. Critically evaluated different teaching skills of each student and pointed out strength and weaknesses and given suggestions for improvement. The students made the initial attempt to execute the lesson plan. Most of the students were presented the class with confidence. They understood their strength and weaknesses. The teacher educator peer group had given the suggestion for improvement.

- **REMEDIAL CRITICISM SESSION**

Remedial criticism session was conducted after criticism classes. After the suggestions and corrections student teachers revealed a positive improvement in their teaching.

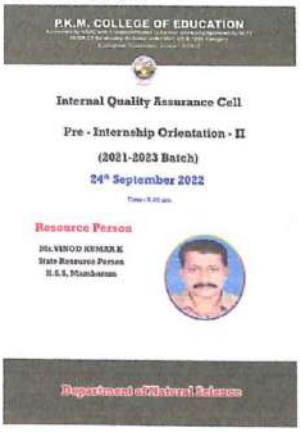
- **ACADEMIC COUNSELLING ON INTERNSHIP – INTERACTIVE SESSION**

  Conducted an Interactive session on Internship was conducted. Discussed about Profession, Teaching profession, qualities and skills required for a teacher, professional quality, commitment, teaching behaviour, inter personal, intra personal skills required. Also discussed about the challenges in teaching and how to overcome it and how to adapt and how to become an efficient teacher with social commitment.

- **PRE-INTERNSHIP ORIENTATION**



A pre-internship orientation on recent trends in lesson plan preparation, teaching learning process and evaluation was organised by department of Natural science on 24th September 2022. The resource person was Mr. Vinod kumar K, State resource person HSS, Mambram. The

SREEKANDAPURAM, KANNUR DT.-670631

session was highly informative and eye-opening session. The student teachers got a new experience on real classroom teaching and the resource person was highly experienced and talented person.

- **PRACTICE TEACHING**

Done a 4 months school internship programme. Student teachers were participated in different school activities, summary preparations, home works corrections, test preparations etc. Directed them in all activities in school internship programme. They developed skills in teaching, organizing different activities, homework correction, test preparation etc. They were practiced to manage works in schools, interact with students, teachers etc.

DEPARTMENT OF PHYSICAL SCIENCE

REPORT OF FIRST SEMESTER - 2022-24 BATCH

14 th September 2022 to 27 th January 2023

"Education is not the learning of facts, but the training of mind to think"

-Albert Einstein

Semester Objectives:

- Understand the nature significance and scope of physical science.
- Understand science as both process and product. Facilitate development of scientific attitude and scientific aptitude in learners.
- Aware of the various instructional strategies and curricular approaches in teaching physical science.
- Understand scientific method of enquiry.
- Achieve mastery over the methods technique's contents of physical science for transacting.
- Appreciate the fact that every child possesses curiosity about his/her natural surroundings.

The activities of the Physical Science Department of P.K.M College of Education for the student teachers of 2022-24 batch had a tremendous start on 14 th September 2022.

Sl. No	Name of the student	Educational Qualification	Institution Last Studied	Hostel/Day Scholar/Paying guest

COLLEGE LEVEL PROGRAMMES

ORIENTATION & BRIDGE PROGRAMME (2022 – 24 Batch)

(19th and 20th September 2022)

A Two-day Orientation and Bridge Programme has been organized by the Internal Quality Assurance Cell of P.K.M. College of Education on 19th and 20th September 2022 for the 2022-24 batch. Through this programme an Institutional Overview has been provided to the students by Dr. Jessy N.C, Principal of the college. An overall image about the Institutional Goals has been given by Dr. Veena Appukuttan, IQAC coordinator. Dr. Sholly Joseph. K, Assistant Professor in Mathematics provided an outline about the 2-year B. Ed programme. The Digital Platform Setting has been taught to the students by Dr. Prasanth Mathew, Assistant Professor in Physical Science. Pre- Assessment of Teacher Aptitude has been conducted by Mrs. Jomol Jose as a part of the programme. Pedagogic orientation has been given by all the subject teachers and subject competency test was also conducted.

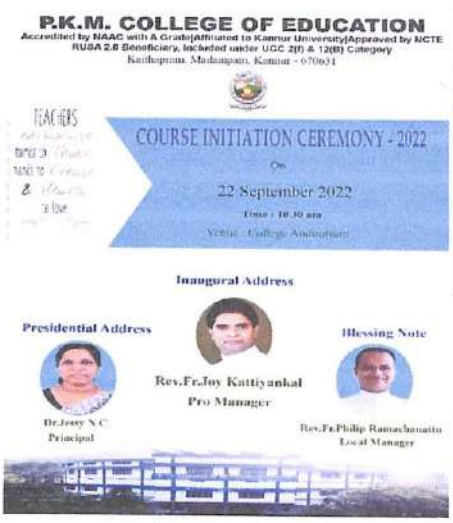
COURSE INITIATION CEREMONY

(22nd September 2022)



The 2022-2024 batch students were given a course initiation ceremony on September 22 at 10.30 AM. During the introductory speech, college Pro-Manager V. Rev. Fr. Joy Kattiyankal lit the lamp to officially start the programme. The professors then read passages from the Holy Bible, Holy Quran, and Srimad Bhagavat Gita. Following that, the college's pro-manager, Rev. Fr. Joy Kattiyankal, lit the candle, and the college's principal, Dr. Jessy N.C., occasionally did the same. The principal then lit a candle in each of the teaching faculties. All of the pupils had their candles lit by the concerned teaching staff. The candles were presented in front of the stage after the oath taking ceremony. A brief description about all the teachers, nonteaching staff and college management was given on the same day.

STUDENT INDUCTION PROGRAMME 2022-24

(26th - 29th September 2022)

The Student Induction Programme for the 1st year B.Ed. students (2022-2024) was commenced on 26th ,27 th ,28 th and 29th of September 2022 at P. K. M. College of Education, Madampam under Institution Innovation Council (IIC) and Internal Quality Assurance Cell (IQAC). The underlying motive of the sessions was to mould us with various qualities and skills that a teacher should own in this new normal era such as technical skills, flexibility, integrity, showing equality within the students, optimum utilization of resource, having empathy to the fellow beings, decision making, coordination, co-operation etc., and to equip us with competence. The sessions were handled by illustrious resource persons.

- Session 1 – **Coping with challenges** headed by Mr. **Pradeepan Maloth**, Counsellor, Psychotherapist and Soft Skill Trainer.
- Session 2 – **Equipping with competencies** handled by **Mr. Biju KK**, Civil police officer and a social worker
- Session 3 – **Confidence building** headed by **Mr. Manoj Kuriakose**
- Session 4 – **Transforming with Challenging Roles** handled by **Mr. S. K. Jayadevan**, Senior lecturer, DIET Kannur & **Mr. Santhosh Kumar**, Lecturer, DIET Kannur
- Session 5 – **Seeking for Opportunities** headed by **Mr. Nithin Nangoth**, recognised international celebrity mentor.

ONE DAY NATIONAL SEMINAR ON

BUILDING PEACEFUL AND JUST SOCIETY

(25th November 2022)

Institute of Parliamentary Affairs, an Autonomous Institution of Government of Kerala and P.K.M College of Education, Madampam jointly organised a one-day National seminar on "Building Peaceful and Just Society: Role of Democracy, Social Justice and Religious Harmony" on 25th November 2022, Friday at College Auditorium. The aim was to face the New Normal era by understanding the role of democracy, social justice, religious and social harmony in building a peaceful and just society. Irikkur Constituency MLA, Advocate Sajeev Joseph inaugurated the function by flying a pigeon as a symbol of peace protection. There were two technical sessions handled by Mr. Sabu Thomas and Adv. Mujeeb Rahman (Taliparamba, Special Fast Track POCSO Court Judge). The eight student teachers of department of physical Science presented the paper and got certificates.

Name of the student	Title of the Paper
1. Akshay Sukumaran	Different strategies and techniques for fostering scientific temper among primary school children.
2. Anitta Roy	A comparative study of life skills of school students: Post Covid Era.
3. Anju t Mathew	Moving Beyond the Families in Modern Era: Broadening Our Understanding of Family Conflicts.
4. Ann Maria Raju	Moving Beyond the Families in Modern Era: Broadening Our Understanding of Family Conflicts.

DEPARTMENT OF PHYSICAL SCIENCE

THREE DAY PANEL DISCUSSION

"SCIENCE IS WHAT SCIENTISTS DO"

(14th, 17th & 18th December 2022)

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KAITHARAM, P. O., MADAMPAM
SREEKANDAPURAM, KANNUR DT.-670631

Day 1:

The Physical Science department of PKM College of Education, Madampam, conducted a Panel Discussion on the topic **"Science is what Scientists Do"** on 14/10/2022 at1.30 pm. Ms. Anusha V (2022-2024 batch) served as the program host. Ms. Ann Maria Raju gave the opening remarks. Dr. Prasanth Mathew presented the theme of the discussion as he welcomed everyone. The panellists were Mr. Nived C M (M Ed Scholar, School of Pedagogical Sciences, Kannur), Ms.Manjusha K (M Ed Scholar, School of Pedagogical Sciences, Kannur) Mrs.Anusree C K (M Ed Scholar, School of Pedagogical Sciences, Kannur University.

What is science? Was the opening question posed by Dr. Prasanth Mathew, Head of the department in the physical science who moderated the panel discussion. One of the panellists, Ms. Manjusha, provided a brief explanation of the question. According to her, "Science is a corpus of knowledge, and we are its product." Based on this assertion, Dr. Prasanth Mathew made the claim that students in science classes are essentially becoming mini scientists. Following it, the topic of discussion was the origin of scientists. The second panellist, Mr. Nived, made a comment to the effect that "curiosity is the driving factor that leads to all discoveries." Some of the attendees, though, took issue with that. They claimed that "curiosity" and "necessity," two motivating factors, are what lead to discoveries. Finally, they concluded that "necessity" will lead to inventions and "curiosity" will lead

to discoveries. This suggests that there are two categories of scientists: discoverers and inventors. The final panellist, Ms. Anusree, described how scientists come up with tentative or untentative answers to problems through a process that includes observation, hypothesis creation, and either temporary or permanent solutions then to answers.

The first panel discussion day was then finished with the query "What is the scientific methodology?" Ms. Anitta Roy proposed a vote of gratitude at the conclusion of the debate.

Day 2:

The second day of panel discussion was started with a welcome speech by Ms. Drishya P. P. The moderator, Dr. Prasanth Mathew, started the discussion with a question about whether questions, problems, and issues are the same or different on 17th October 2022.

The participants said that, "There are solutions for each problem, but there is no solution for an issue, but sometimes the solutions for issues are responsible actions." Further discussion leads to types of research. There are many types of research, including basic research, applied research, analytical research, quantitative research, qualitative research, etc. However, the main two views are basic research and applied research. In basic research, research is based on fundamental things. Therefore, new theories are developed by scientists from questions. The methodology of basic research is as follows:

Data ⟹ patterns ⟹ hypothesis

In applied research, the research is based on the theories that have developed from basic research, i.e., scientific truths are used. The methodology of applied research is as follows,

Theories ⟹ hypothesis ⟹ data ⟹ confirmation of theory. This type of research will lead to concepts. Based on these two pieces of data, we can distinguish scientific methods into basic research and applied research. From this, we can say that basic research is based on curiosity, which leads to discoveries, i.e., each scientific truth is a discovery. And in the same way, applied research is based on necessity, which leads to inventions, i.e., each invention are concepts. The next question was, what scientists and philosophers do? Whether both are the same? After discussion on these questions, some of the panellists and participants concluded that scientists use both logical and technical processes, and that it is a hands-on process, i.e., it is an empirical method. And philosophers are those who use logic only. It is a mind-on process, i.e., it is an analytical method. However, some scientists, like Isaac Newton, Aristotle, etc., are also philosophers. Then the discussion went through whether science and technology are interrelated. This leads to the conclusion that both science and technology are related because technology is a continuation of science. In technology, they are using the theories that were discovered through basic research. The further discussion was on six types of thinking, which are: reasoning, concept formation, critical thinking, creative thinking, problem solving, and discussion making.

The discussion concluded with the concept that there are naturalistic observations and artificial observations, i.e., basic research is based on naturalistic observations and applied research is based on artificial observations. At the end of the discussion, a vote of thanks was proposed by Ms. Divya K. S.

KAITHAPRAM, P. O., MADAMPAM
SR. KASARAGOD, KANNUR DT., 670631

Day 3:

Physical science department of PKM College of Education (2022-2024 batch) On October 18, 2022, at 1:30 pm, we held the concluding session of our panel discussion on the subject "Science is what Scientists do" in the physical science classroom. Dr. Prasanth Mathew served as the discussion's moderator (Head of the department of Physical Science).

The moderator made the point that nature and the human mind are structured. What do scientists do? was appropriately addressed by sir. They do investigate the natural world. Then he talked about the three "i"s of nature: interdependence, interrelationships, and interconnections. Then we discussed the need to structure developed knowledge, that is, to organise, analyse, and synthesise it. We then clearly understood that facts are discrete and concepts are broad ideas. Psychological point of conceptualization is viewed via the lenses of sensation, perception, abstraction, and generalisation. Gestalt theory is typically how we understand perception. Through obtaining, organizing, analysing, and synthesising data we will get some insights. The four components of concepts—examples of concepts, attributes of concepts, definitions of concepts, and names—were then the subject of our discussion. The four components of a notion, from a scientific standpoint, are scientific facts, scientific attributes, scientific definition, and scientific name. Then, sir emphasised the point that concepts, laws, theories, and principles are forms of conceptual knowledge. The moderator stated that empirical questions will provide empirical answers through basic research, which will produce scientific data that need to be organized, analysed, and synthesised. Similarly, concepts are formed from analytical answers through applied research. Then, sir discussed the four categories of knowledge: factual, conceptual, procedural, and metacognitive. Then, we talked about the laws, concepts, principles, theories, and facts that are the products of science. By 2.30 pm, the vote of thanks proposed by Ms. Anju T Mathew brought the discussion to a close.

The major outcomes of the three-day panel discussion on "Science Is What Scientists Do" were;

- The motivation behind inventions is necessity, while the motivation behind discoveries is curiosity.
- Inventions are built on discoveries.
- Technology and science are interconnected.
- Science is continued and applied through technology.
- Empirical (Hands-on) questions will yield empirical answers through empirical processes (basic research) which will result in scientific facts, and analytical (minds on) questions will yield analytical answers through analytical processes (applied research) which will result in concepts.
- Basic and applied research are the two categories of research. The basic and applied research rely on the theory's location. i.e., if theory is the foundation, it is applied research and if theory lies the last it is basic research.
- Facts are real and discrete while concepts are broad ideas.
- Empirical questions arise from observation and analytical questions via thinking process.
- Four components of scientific concepts are scientific facts, scientific attributes, scientific definitions, and scientific name.

Urja Kiran 2022 – 23, Energy conservation rally and signature campaign of P K M College of Education was held on 15th December 2022. It was a programme jointly organised by energy management centre, Kerala and P K M College of Education at B C M Club and library, Madampam. It was flagged off by shri Dominic P L – president of BCM Club, Madampam. Student teachers conducted a rally from regulator cum bridge Madampam town at 3 P M with their slogans and pluck cards up. The official program started at 3 .15 P M at Madampam town in the presence of members of B C M Club, student teachers and the general public. Dr. Fr. Sinoj Joseph, Assistant Professor of Physical Education welcomed the gathering with his profound words about energy conservation and its necessity. The programme was presided over by Sr. Dr. Jessy N C – Principal, P K M College of Education. She reminded the gathering about the crisis we are in it's the question of energy conservation is not answered properly the future generation will have its impacts. The signature campaign was inaugurated by Srimati. Meena Saji, Councillor of Sreekandapuram Municipality. She reflected upon various methods we must adopt in our daily life to preserve and conserve energy resources. She added about the need of change that should be practised in each home. Mr Anand Ravi, resource person of EMC as well as second year B Ed student handled a detailed session on energy conservation and its relevance. The information shared was thought provoking since the statistics of energy usage by Keralites was shocking. In order to overcome this crisis, the alternative systems should be developed at the earliest. And he gave a framework of different government policies and it's benefits to the audience. Shri Binoy, Headmaster of Madampam Maryland High school, and Shri Dominic gave their felicitation address. The pledge was provided by Anusha V Urja Kiran Coordinator. Dr. Prasanth Mathew, coordinator – Urja Kiran project proposed the

vote of thanks. The students, members of B C M club and the general public marked their initial step for energy conservation through a signature as part of the campaign. The student teachers of P K M circulated a pamphlet detailing the scientific methods for energy conservation.

SREEKANDAPURAM, KANNUR DT.,-670631

college is to promote teacher trainees (students) abilities , reduce stage fear , giving an opportunity for performing stage programs and also promote cooperation or unity among students in classrooms.

Our Program begins with a brief introduction about Life is like a journey on a train, it was said like this Our life is constant journey,from birth to death ,Some people will sit next to you ,Some will just stand around , oblivious to your existence Some will have to leave the train while you are having the great conversation and who knows when you will see them again, And if you are lucky there will be those who will sit and talk to you throughout the whole journey. After that our program going based on our script we prepare for playing. Adithya Raj.T.K , Anagha .K , Anju

.V, Aparna Pradeep .P.V, Nirmal John , Sreethu.M ,Tincy Thomas and Vrindha M.O we all are passengers in the train to going different places for various purposes. In this train journey some memories like, Sreethu sung a song and also she tried to solve Rubik's cube, Aparna is going for attending bank exams she ask some questions based on recent Economics noble prize winners , Vrindha ask some memory based tricky questions as a part of a small gaming, Anagha's character is a tea seller, Anju's character is a TTR , Adithya is a history scholar going for watching folklore Academy at Trivandrum ,Tincy is the Sreethu's best friend going with her and she reply some of the Tricky question's answer, and Nirmal's entry is like a Toddy Tenant.Then we sung a group folk song (palapalli thirupall,THANATH),then we finally take a selfie to remember that journey.And at last Adithya perform a Monoact , she play three characters at a time based on the theme (The Poem Kollendathengane written by Sukadhakumari). Then we end our prgramme with a group dance.

At the end of this self exposition program present by Team Social Science Mrs.Dr.Sholly Joseph gave feedback about our overall performance. The program ended at 4.30 with the National Anthem. These are our Self exposition VOYAGAYENE EXPRESS some of the Performances stills.

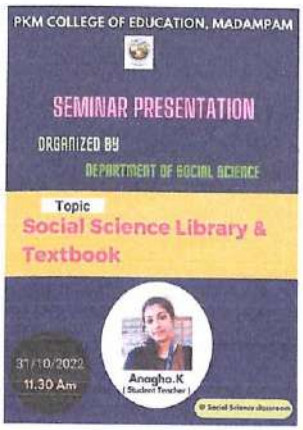
"Current Affairs and contraversial issues in social science" titled seminar presented by Adithya Raj T.K . Current affairs and contraversial issues are very important components . Current Affairs promotes interest in the issues of the country. It lets analyze and evaluate events critically. It gives opportunity to learner to connect learning outside of the school.Discussing controversial issues helps students with different backgrounds and lifestyles to learn to live and work together peacefully and respectfully. It encourages them to listen to each other and talk through their differences sensitively.



In the seminar based on the topic of "Social Science Library and Text-Book" presented by Anagha.k first year Social Science Student teacher, it was mainly about the definition of the Social Science library and the objectives of building social science library and important library resources.

A textbook is a specially written book which contains selective and systematic knowledge regarding the curriculum material prescribed. The qualities of a good social Science textbook and their functions are mentioned in this seminar.

School Acclimatisation -Report

Individual Responses of Social Science Student Teachers

Vrindha.MO:- Mattannur Higher Secondary School is an aided higher secondary school established in 1952 in Mattannur town of Kannur district. As a part of school acclimatization, Vrinda, a student of social science option, went to MO school. 2850 students are led by the headmistress, teacher MM Sujatha.103 teachers are working there. Five days of school acclimatization was successfully completed by observing the behavior patterns and characteristics of the adolescent children, distribution of lunches, environment monitoring, interacting with the children and asking the teachers about their experiences.

Anagha.K:-Mattannur Higher Secondary School is an aided higher secondary school established in 1952 in Mattannur town of Kannur district. As part of school acclimatization, Anagha K, a student teacher with social science option, went to school. 2850 students are led by the headmistress, teacher MM Sujatha.103 teachers are working there. Five days of school akamatization was successfully completed by observing the behavior patterns and characteristics of the adolescent children, distribution of lunches, environment monitoring and interacting with the children by asking the teachers about their experiences.

Adithya Raj TK:-GHSS Mankada Pallipuram, a school established in 1974 in Mankada Pallipuram area under Mankada block panchayat of Malappuram district, was able to become a part of the school for five days as part of school acclimatization.Under the leadership of the head teacher Maimuna teacher and with the help of other teachers, there were opportunities to observe the classes, interact with the children, take them in a fun way, be a part of the learning of learning disabled children, understand and observe many things including exam duty.

Nirmal John:-. Sebastian's Higher Secondary School selected for acclimatization. It was understood that a teacher should approach the class and the children. The main teacher of the school is Kutiyamma teacher. It was possible to observe the school environment, the teaching and learning process and the behavior of the students.

Tincy Thomas:-Established in 1926, St. George Vocational Higher Secondary School is one of the schools located in the village of Kaipuzha. This school was restored in 2009. As part of school acclimatization from 30/01/2023 to 03/02/2023 P.K.M. Tinsie Thomas, a student teacher in the College of Education, went to this school.Five days were spent there to observe the school environment, student behavior and school dynamics. This school acclimatization made it possible to understand all the activities of the school and the changes in the attitude of the students towards the teachers. Successfully completed five days there.

P.K.M. COLLEGE OF EDUCATION KANNUR 670631

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION

SREEKANDAPURAM, KANNUR DT.-670631

Amal Tomy:-Sacred Heart Higher Secondary School Paiyavur was selected for school acclimatization. The head teacher of the school is Biju Simon. A teacher was able to understand the work in non-academic arenas. It was possible to observe the behavior of the students.

Anju.V:-Kannadiparamba Govt Higher Secondary School selected for acclimatization. It was understood that a teacher should approach the class and the children. The head teacher of the school is Master Muralidharan. It was possible to observe the school environment, the teaching learning process and the behavior of the students.

Aparna Pradeep P.V :-As part of my B Ed 2nd semester school Acclimatization , on the first day 30/01/2023 Monday I reached SN TRUST HSS Thottada Kannur by 9.10 amthen met headmaster Reena . T and handed over the permission let er. From this day onwards I am so proud to be myself, because my childhood onwards I like the teaching profession and call me as a Aparna miss or Aparna teacher . 30/01/2023 to 03/02/2023 Friday I feel I am a real teacher of my school. My teachers all are happy to see me as a B-Ed training student.This was a new experience for me.From these 5 days I can learn so manythings from teachers and through my observations. The duties of a teacher extend much further beyond standing at the front of a classroom and delivering lessons. Behind the scenes, a lot of work goes into planning and preparing for lessons and providing additional support for students. A good teacher may also make a positive impact on students, often becoming a source of inspiration and motivation. I completed my last 5 days of school acclimatization from SN TRUST HSS THOTTADA KANNUR on 03/02/2023
Friday very happily. This days was very fruitful and informative for me.

Sreethu.M:-Kannadiparamba Govt Higher Secondary School was selected for acclimatization. The head teacher of the school is Master Muralidharan. In five days, we were able to understand the infrastructure and surrounding teaching learning process and the infrastructure and surrounding teaching learning process. Adolescents were also able to observe children's behavior. It was a great experience.

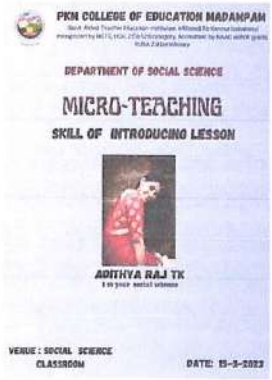
MICRO TEACHING REPORT

Skill Of Introducing a Lesson



P. K. M. College of education Madampam, Department of social science (2022-24 Batch) organized Micro teaching presentation. Core teaching skills divided among students and I chooses skill of introducing a lesson.

I presented on 15 th March 2023 in the topic 'Harappan civilization' from 8 th std. Main objective of my teaching is to introduce the Harappan civilization in front of students through a story. My class duration is 5 Minutes. I used the skill component of gaining attention through voice, eye contact, and communication. Students are very active and co-operative in classroom. After the class, there is a feedback session . Dr. Veena Appukuttan managed the session and shared the feedback, after that all of my classmates shared their opinions. The session come to an end with an experience sharing by me. The first experience was good and the feedbacks are very useful for my improvement.

National Reading Day Celebration Report

The purpose of celebrating National Reading Day is to spread awareness to the people about the importance of reading & promote a culture of reading among people and encourage literary reflection on school children, youth.

On the occasion of June 19 National Reading Day, PKM College Social Science Department celebrated Reading Day from June 20th to June 23rd.On June 20/06/2023, Dr. Veena Appukuttan(Associate Professor Department of Social Science)delivered the welcome address of the reading week.Aparna Pradeep presented a review of the economic book ' Serious Money

-Walking Plutocratic London'. Then Vrinda M. O review of the economics book 'introductory micro economics: c. B. Sachdeva 'was presented. On June 22, sreethu presented a review of the history book 'Keralacharitam'. Then Adithya raj a review of the history book ' mannancheriyuday Innalakal' was presented.On June 23, Amal tomy presented a review of the philosophy book 'Nicomachean Ethics'. This reading day was very effective in all student teachers.It was possible to learn about new books through this reading week.This reading week which started from 20th June to 23rd ended on a good note.

Remember, National Reading Day is not limited to a single day but can extend to an entire week or month of reading-focused celebrations. The key is to create an inclusive and engaging atmosphere that encourages individuals to discover the joy and benefits of reading.
