INTRODUCTION

Festival is an event celebrated by a community. The celebrations often serve to fulfill specific community. It offers a sense of belonging for religious, social, geographical. Every community has their own festivals. In Kerala, we mainly celebrated our festivals like Onam, Christmas and Eid. Onam for Hindu, Christmas for Christians and Eid for Muslims. But nowadays all of us celebrated all these festivals.

Onam is an annual Hindu Festival with origins in the state of Kerala in India. It begins in the Malayalam calendar month of Chingam. According to Onam, the festival is celebrated to memory of Mahabali, who visits Kerala at the time of Onam. It is a ten day celebration. At the final day, Mahabali, who came to every home.

Christmas is an annual Christian festival, birth of Jesus Christ, it is primarily on December 25 as a religious and cultural celebration. In this day they celebrated the birth of Jesus, and their celebration is different from one another. And it has a permanent date of its own.

Eid is an important religious holiday celebrated by muslims worldwide that marks the end of Ramadan, the islamic holy month. The holiday celebrated the conclusion of the 29 or 30 days of dawn-to-sunset fasting during the entire month of Ramadan.

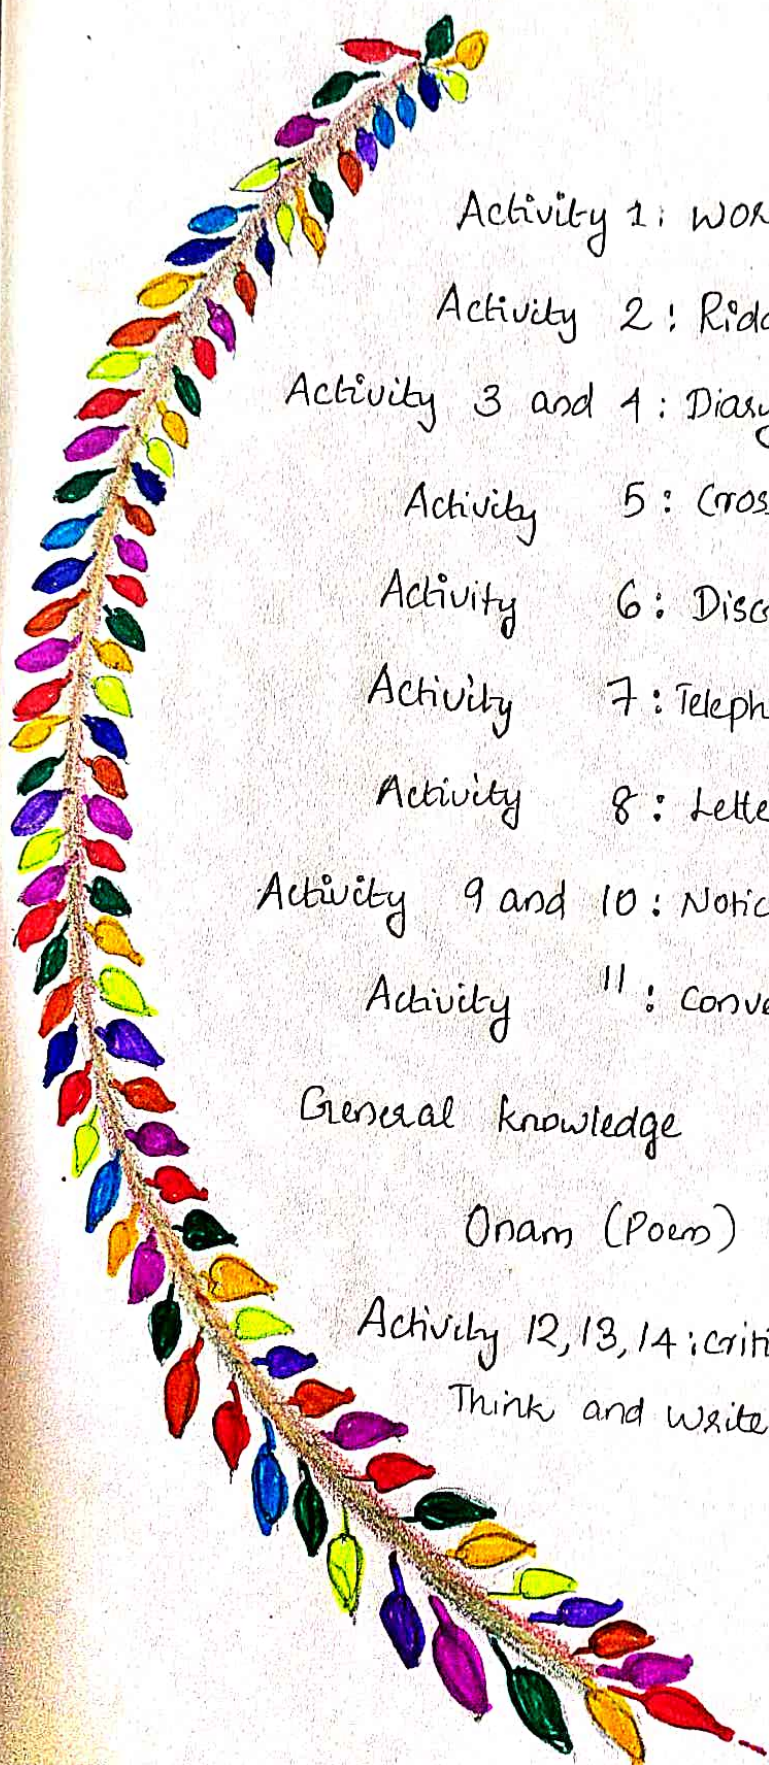

When we think about festivals all these three festivals are to be celebrated. No matter is the religion is same or not. ~~Fes~~ Festivals only to celebrate. In this work also introduce this message. Every one celebrated every festivals.

It is a work related to festivals. And to improve english through festivals.
