PRE INTERNSHIP ORIENTATION PROGRAMMES

PRE-INTERNSHIP ORIENTATION

Department of mathematics PKM college of education, Madampam had conducted a pre-internship orientation programme on RECENT TRENDS IN LESSON PLAN PREPARATION, TEACHING LEARNING PROCESS AND EVALUATION IN EDUCATION on 1 september 2021 at 7.00pm virtually through google meet platform

The programme was started with the welcome address by Dr. Sholy Joseph K. Assistant Professor of Mathematics, PKM college of education. The felicitation address was given by Mrs. Praveena K V Assistant Professor, Mahatma college of education, Nileshwar.

Then comes the orientation class by the resource person, Mrs. Jismy Georgekutty, UPST, Vayathur UP school Ulikkal. She pointed out the importance of preparation and lesson planning for teachers. She shared her experiences in teaching, explaining different tips for grabbing the attention of students, different teaching methods, and modern trends in lesson planning. Also the resource person highlighted the importance of incorporating games and other fun activities into the mathematics classroom. The session was very interesting. It was followed by the interactive session. The participants asked their queries regarding teaching and lesson planning. She cleared all the doubts through sharing her experiences.

Physical science

OnlinePre-internship Orientation Report

The department of Physical science, PKM College of Education Madampam organised a Pre-Internship Orientation on "Recent trends in lesson plan preparation, Teaching learning process and evaluation" on 3rd September 2021 at 7.30 pm to 9 pm through zoom platform. The orientation programme was led by Mr. Manojkumar P.P (Headmaster GHSS, Kannadiparamba). Dr. Prasanth Mathew (Assistant professor in Physical science, Vice Principal PKM College of Education) introduced and welcomed the resource person to the programme.

The programme mainly focused on teaching learning process in a constructive classroom. Manoj sir also introduced different types of lesson plans of 8 to 10th classes in which students are given necessary structure, voice, time and space to question, explore and argue to make a sense of

phenomena and concepts. The importance of graphical organizers in lesson plan preparation and various measures should be taken for making online teaching learning process more effective were explained by him. All the student teachers of Physical science actively participated in the orientation programme and it was more effective for internship preparation. The programme was ended by the Vote of thanks of Ashly Thomas.

Social science

Pre Internship Orientation Report :

Department of Social Science organized a pre-intership orientation class on Recent Trends in Lesson Preparation, Teaching Learning Process and Evaluation. Resource person is Mohanan sir. (State resource, done. On 4th of September, the class started at exactly 2 pm via Google Meet. It was a 2 hour class. Social science teacher student Athira Shaji welcomed and spoke. Then Mohan sir was invited to manage the class. H.S.S. Chotavur) Class Management

Lesson plan and unit plan based on the topic of atmospheric temperature in today's class. The teaching manual discussed how to prepare, how to make a question paper, what objectives should be included while making a question and how to evaluate the answers. The class was very interactive and interesting. The students got a unique experience through Sir's class. Sir has been able to communicate to the children in such a friendly manner that he has prepared lesson plans, unit plans and teaching manuals in such a friendly manner. There is no doubt that the two-hour long class benefited everyone to such an extent. It was an excellent class where every student's doubts, opinions and knowledge were respected without stopping anyone. The class ended with a question and answer session between the student teachers and the resource person. Student teacher sr. Anu Philip gave a vote of thanks.

Malayalam

Pre-Internship Orientation Program Report

Under the auspices of PK M College of Education and the Malayalam department, a pre-internship orientation program was organized on Thursday 2/09/2021 at exactly 10 a.m. on the topic "Recent trends in lesson plan preparation, teaching learning process and evaluation) on Thursday 2/09/2021 at exactly 10 am and

PRINCIPAL

The program started with a prayer and the welcome speech was delivered by Sister Minimol George, the head of the Malayalam section. (K.M.College of Education)

Sister also talked about the situation that we have to change according to this changing environment because every day is a new experience. Sisters were also introduced to the greatness of those who have a proper understanding of lesson planning and evaluation. Senior Lecturer in Diet Kannur Dr.K. Pigopinathan Class started with a focus on high school classes, the highest level of language learning.

How to take children to a higher level in a language class is what every number of would-be language teachers need to do. He said that he should meditate. Love. He also pointed out the fact that they are at their own age in the teenage years when they want recognition and the teachers are given opportunities accordingly. It is important that

Also, Sir said that in order to bring full attention of the children in the language classes, whatever they read should be presented in a very interesting way and very precise planning is needed by the teachers. At some intervals, the teacher asked the students for their opinions, so the class progressed through mutual discussions. Sarvisha has meticulously covered all the strategies needed to succeed in a language class.

Gopi Nathansar was also ready to make things clear with examples through the lessons of Orum Manusyan. Through accurate examples and essay activities. The essays will be conducted and the child will self-assess. Discussions explained that all strategies needed to create self-learning behavior should be done in the class and when teaching things like poetry in the class, teachers should set a good example for the child to discover its concept and beauty. Murd

Sir also went into the levels of the teaching manual. There are some strategies that should be kept in mind while preparing the curriculum.

Mr. Gopinathan spoke about the need for teachers to be readers and not readers. He also said that a teacher needs to lead children to moral values and make them think at a higher level. Talking about the value of textbooks and not just language teaching

Sir also said that the teacher should enable the child to become a socially responsible person. That we have come a long way from the ancient letter-based presentation to the idea-based presentation method,

PRINCIPAL

SREEKANDAPULAM, KANNUR DT., 470631

Sir pointed out that children need to be given opportunities everywhere. By quoting the lines of NA 9 Kakadin, saying that teaching in the way of teaching children helps them in their journey. Sir narrowed down the issues and cleared the doubts of the teacher students along with Sir. Apart from that, each student teacher and his/her personal opinion about Sarintros was recorded at the end.

Natural science

Pre internship orientation

Internship period is the most mysterious and important part of B.Ed period. When it came to the online learning and teaching method due to the Corona epidemic, B. PKM is a prelude to the preparation for ED students as part of their intership. The college conducted two-day classes in each department by inviting teachers from various schools as teachers in their field. 02/09/2021 & 04/09/2020 MSM Pre Internship Orientation for Natural Science students was conducted by . Natural Science Department teachers welcomed the program. Sir's biggest highlight was 'full pack emergency' from the beginning till the end of the class. Similarly. In the beginning, Vinod sir did not forget to ask everyone's name and country and consider everyone in the class. Later, I felt that an online class can be made more beautiful, because it was like sitting in an online class and listening to an excellent offline class. The classes were conducted in a calm style. Trends of teaching. Importance of lesson plan, Student Evaluation. Even for a moment he bore us every once in a while called each one of us by name and asked each and every thing and opinion. The task given to Mash completed the section with 100% perfection sir. Once in a lifetime The classmates who heard the class commented that the class and the face of the sir have been imprinted in the mind of every child in such a way that they cannot forget the sir. The program ended with vote of thanks by Athira Anand.

The pre-internship orientation conducted by the PKM College of Education Malayalam Section was held on the theme "Recent Trends in Evaluation & Statics in Education".

The program started at 11.30 am on Saturday 11th September 2021 and ended at 4 pm. Malayalam department teacher Sister Caroline FC delivered the welcome speech in the program organized on Zoom platform. Dr. Prashant Mathew managed the section for the Malayalam department teacher students. (Assistant Professor of Physical Science, PKM College of Education) was an era of new developments in the field of teaching, there were discussions about changed teaching methods, assessments and the importance of statistics. At 3 o'clock the said section ended and after that the doubt clearing of teacher students took place. Atulya C, a Malayalam teacher student and class representative, spoke in gratitude for the program.
