The Department of Language Education- English and IQAC of PKM College of Education, Madampam organised a National Webinar in association with the English Department of the University of Calicut via Google Meet on the 23rd of June 2020 at 11 AM. The Webinar that had an eminent resource person in Dr K M Sheriff, Head of the Department of English at the University of Calicut, was on the topic “Technology and Pedagogy: Some Contemporary Issues” owing to the increasing relevance that the pandemic has brought in its wake to the integration of technology in Education. The Webinar was conceived on this scale by Dr. Rekha K R, associate professor in English and IQAC coordinator at PKM College of Education, Madampam and materialised into fruition with the expertise and guidance of Dr K M Sheriff. Information about the seminar was shared widely through posters on various social media platforms such as WhatsApp, Facebook etc. and that translated into great interest from students, Research Scholars and faculty from various colleges and schools from across the nation. Google Forms were utilised for hassle free registration online.

The webinar started at 11 am as participants turned in through the Google Meet link made available through the WhatsApp group created for this purpose. GibyBabu, an alumnus of PKM hosted the webinar with grace and conviction. Dr Rekha K R welcomed all the dignitaries and participants to the webinar from the media room setup in the Net Resource Centre at PKM College. She expressed her gratification in the webinar being conducted with such enthusiasm. She thanked Dr Jessy N C, Principal, PKM College of Education and Dr Sheriff for being the pillars of support in organising this Webinar and articulated her conviction that the webinar will bear fruit and stay true to the topic at hand.

Dr Vijayan K, faculty at NCERT, Delhi inaugurated the webinar and he highlighted the role of education in a nation’s journey on the course of sustainable development and equitable society. He spoke on the need to boost the technological infrastructure across the nation so as to ensure digital literacy of the entire populace. He pointed out that Digital India will only be a reality if all sections of society are brought on board and no one is left out.

Dr Jessy N C presided over the inaugural session and delivered a presidential address that served the purpose of putting into perspective the relevance of the webinar and delineating the pressing issue of technology-pedagogy integration. She conveyed her pleasure in hosting the webinar in association with the English Department of the University of Calicut.

Ms. Giby invited Dr Sheriff to deliver the keynote address and he enlightened the participants with his erudite lecture for an hour. Hedwelled upon the present-day issues of technological infrastructure constraints as learning moves increasingly online. He stressed the opportunities that opens up through the arena of digital learning and wished that the challenges thrown at us by Covid-19 can metamorphose into lucrative prospects if long due systemic reforms are implemented. He kept the session engaging with his natural wit and pertinent observations. He admitted that he is a novice in webinars but his elegance in engaging the participants suggested otherwise. The session lasted from 11.30 to 12.35 with adequate time for interaction. The participants posed their questions through the chat box in Google Meet and Dr Sheriff ensured that all questions were addressed. Questions ranging from the role of teachers in a progressively technological world that sees advancements in Artificial Intelligence exterminating many traditional jobs to the need for orienting parents and equipping them with digital skills popped up and were answered masterfully.

The student coordinator Jomal Jose proposed the Vote of Thanks wherein he gratefully remembered the contributions of Dr Sheriff, Dr Rekha and the staff of both PKM College and University of Calicut. Ms Giby announced the formal dispersal at around 12.40 pm.

Feedback forms were provided for the participants to record their valuable suggestions. Sr Christeena and other staff at PKM College and University of Calicut resourcefully coordinated the technical aspects.
