Discussions and Decisions:

* calendar: A briefing of the proposed calendar was done by Dr. Veera Appudurai, the calendar Committee. It was mentioned that the calendar has been prepared on the basis that the academic year starts on 1st June 2020. It was decided that the special programmes mentioned in the calendar is to be put as SPECIAL PROGRAMMES UNDER THE LEADERSHIP of IGAL. Also, the calendar is to be finalized with the note that this calendar is put to practice in tune with the COVID circumstances.

* review of online classes: It was reported that the online classes are progressing as per the timetable set.

The confusions created by the General Edtech faculty Dr. MJP in the 'general classes' were reported by the Principal.

In that context it was reminded that the Govt. Orders are standing - not to invite students to teachers' homes for private and personal uses; not to burden students for personal works etc. Dr. MJP was specifically reminded not to defame the college and the teacher community by providing burdensome books and personal works to students inviting them to ~~the~~ his home and even otherwise.

Another allegation against Dr. MJP was in between the pre-internship preparations it was an unnecessary work of making them prepare an e-magazine as the part of Reading Day OBSERVATION because the Council had entrusted the college Librarian to organise the Reading Day Observance in association with the Literacy Club.

PRINCIPAL
P.K.M. COLLEGE OF EDUCATION
KALTHADRAM P.O., MADHAVARAM
CHENNAI-600031

The contribution of Dr MJP as a faculty in General Education for the internship was also questioned. It was also expressed with regret that the unanimity among the teachers is disturbed by the unethical practices of Dr MJP.

She was given a warning for her actions against the decisions taken by the Council and the teachers altogether.

She was asked not to misuse the academic freedom provided in the institution.

It was expressed that it would be desirable to get along with the common system of the college if financial helps are to be done to students. If poor students are to be helped, she could have made use of the welfare schemes rather than making personal profit under the guise of helping financially backward students.

Helping students should not be treated to be a reason for negatively affecting the system prevailing in the college.

The unanimous decision of the Council in earlier years and the previous action of Dr MJP was placed in the context. She was very lovingly and decently given warning in this respect.

Activities during Term

It was reported that the webinars organized by the departments of Physical Science, English, Natural Science, Social Science and Physical Education were successfully organized. The collaborations with other different institutions in the conduct of the webinars were also appreciated.

* The B.Ed IV Semester Examinations were conducted successfully keeping the

- (iii) Yoga Day observance on 21/06/2020 under the leadership of P.M. Staff
- (iv) Reading Day observance organised by the Library and Literary Club on 19/6/2020.

On the COVID-19 context all these programmes were organised online.

Documentation: It was reported that the documenting for the month of June is almost up-to-date. It was mentioned in the context that when the in-charges submit the files they have to verify that the following documents are kept promptly - Brochure, communication letters, Registration details (if applicable), participants list, Certificate, programme reports, news published in the newspapers and other media, video recording of the programme, photos etc.

It was also reminded that there should be care in the preparation of news given to the media on the programmes. All news items should not be in the similar wordings. As the news is given to the Local TV Channel they shall telecast - and we give the 'clipping' of that, which can be kept as a valid document.

At this point, it was reported that the Principal that all such clippings given
