In the context of

- Inclusive Education
- Inspired from 'Talking Text' Development Project by Samagra Siskha Kerala, General education department.
- On the basis of United Nations Sustainable Development Goal No. 10; Reducing Inequality, and
- COVID- 19 Pandemic situation

P K M College Designing a curricular project for the differently abled children around us.

Project Objectives

- ❖ To reduce the inequality rate by making them equal in knowledge level.
- ❖ To provide Learning support for the differently abled students in the form of interesting audio series.
- ❖ Creating effective Auditory experience instead of multisensory experience.
- ❖ The project will be helpful for all students to understand & revise the concept clearly.
- ❖ Project initially focuses on 8th standard students.

Plan of Action

Phases:

- Phase I ; An Initial Step to Talking Text Development Program
- Phase II ; Talking Text Script Writing
